Twin Cities Are to Consider Sewage Disposal

GOVERNOR OLSON HOPES COMPROMISE PLAN EVOLVED

NO REASON TO CALL SPECIAL SESSION UNTIL SUCH AGREEMENT IS REACHED

ANY PROGRAM MUST HAVE SUPPORT OF BOTH ST. PAUL AND MINNEAPOLIS

St. Paul, Minn., April 29.—(U.P.)—Gov. Floyd B. Olson was expected today to call a conference of Twin City representatives to a conference in which he will attempt to bring them to an agreement on their views concerning sewage disposal.

If the two cities adopt some sort of compromise plan, the governor said, he will consider the problem of sewage disposal in making his decision on whether to call a special session of the state legislature.

"I can see no reason for calling a special session to consider the problem until the two cities principally affected reach an agreement on what sort of system they desire," Olson said.

"It is imperative that steps be taken to remove the health menace of Mississippi river pollution, but it seems to me that to be truly effective, any program must have the support of Minneapolis and St. Paul, the two cities most directly affected."

Olson said that he will "take an active part as governor" in the conference, representing the interests of the entire state. Organizations and individuals sponsoring plans for sewage disposal systems said that the governor's influence probably will bring the two cities closer on the question.

"If and when the cities reach an agreement," Olson said, "the sewage disposal problem would weigh heavily among other legislative problems that seem to call for a special session of the legislature."

"Coupled with congressional reapportionment and other matters, it might warrant a special session."

Olson already has indicated he expects to call a special session to redistrict the state into nine congressional districts if his veto of the redistricting bill passed by the regular session of the legislature is upheld by the courts.

Officials of several towns and cities down river from Minneapolis and St. Paul have indicated they may request the governor to call a special session. They regard the present polluted condition of the river as a menace to health.

KING AND QUEEN OF SIAM VISIT PRESIDENT

Washington, April 29.—(U.P.)—President Hoover received an official call today from their majesties the King and Queen of Siam who came half way around the world to visit this western democracy.

The royal pair, accompanied by the Prince and Princess Svasdi, the queen's parents, Lt. Col. Campbell B. Hodges, the president's military aide, and other officials, arrived at the White House at 10:15 a. m.

They stopped 15 minutes chatting pleasantly with the chief executive and Mrs. Hoover.

The king and queen motored to their palatial home on Massachusetts avenue and were followed shortly by Mr. and Mrs. Hoover, who repaid their visit.

DIAMOND'S CONDITION IS GROWING WORSE

Catskill, N. Y., April 29.—(U.P.)—While Jack (Legs) Diamond's condition grew gradually worse at Albany hospital after being shot at a roadhouse Sunday, there were reports that persons not members of his gang might be drawn into Attorney General John J. Bennett's investigation of Diamond's activities.

The Albany Evening News said that according to a report received from a source close to Bennett, more than 50 subpoenas will be served against bank accounts of Greene county officials and residents of Catskill and Acra, today or tomorrow.

Prince of Wales Arrives Home by Plane Today

Windsor, England, April 29.—(U.P.)—The Prince of Wales arrived home by airplane today after a three months' tour of South America in the interests of British empire trade.

Accompanied by Prince George, the British heir ended his trip of more than 20,000 miles when he arrived here from Paris. He landed on Windsor's lawn and went at once to Smith's castle, where the king and queen are in residence.

Both princes were in good health and apparently happy to be back after their long journey through 11 countries, including seven South American countries.

Every Dog Has His Day; Jiggs of St. Paul Has His Day Today

St. Paul, April 29.—(U.P.)—Every dog has his day and Jiggs was having his in court today. Jiggs was called to the witness stand in the \$8,000 damage suit against his owner, August Helhart, brought by Stuart J. Falon. The dog is alleged to have bitten Wayne, 2-year-old son of Falon.

The dog's appearance was to indicate to the jurors whether he was the kind of a dog that went around biting neighbors' children.

BANK ACCOUNTS OF POLICE TO BE EXAMINED

HENNEPIN COUNTY GRAND JURY
FOLLOWS PRECEDENT OF
CHICAGO INVESTIGATORS

SUBPOENAS FOR BANK ACCOUNTS
OF 3 OFFICERS AND 1
CITY OFFICIAL

Minneapolis, Minn., April 29.—(U.P.)—Following the precedent set by Chicago investigators, a special Hennepin county grand jury was reported today to have issued subpoenas for the bank accounts of three police officers and one city official.

The four men whose financial affairs will go under the scrutiny were reported to be suspected by the jurors of making huge profits through "selling protection" to liquor, gambling and vice resorts. Charges of income tax evasion, in addition to corruption in office, may be made against them, it was reported.

The jurors were said to have considered returning indictments against the four suspects, but decided to study their bank accounts first in the hope of uncovering additional evidence.

One policeman, E. J. Gustafson, head of the morals squad, already is under indictment. He pleaded not guilty yesterday in district court and his trial was set for May 8.

"It's a political frameup," said Gustafson. "I never was guilty of graft or corruption."

Gustafson was charged with wilful neglect of duty in connection with "failure to arrest one Mary Doe on charges of operating a vice resort." He was said to have refused to make the arrest after complaint had been made to him.

More than 50 subpoenas — enough for every bank in Hennepin county — were reported to have been issued by the jury.

Checking of the bank accounts is expected to require several days. The jury is expected to request that its regular term, which ends Saturday, be extended one week to allow completion of the inquiry.

Scores of witnesses have testified before the jurors in the past two weeks concerning vice and liquor conditions in Minneapolis.

OPEN REVOLT FLARES AGAINST KAI-SHEK

FACTIONS RESENT "PERSONAL
DICTATORSHIP" OF THE GEN-
ERAL IN CHINA

By H. R. EKINS
(United Press Staff Correspondent)

Shanghai, China, April 29.—(U.P.)—Open revolt against the "personal dictatorship" of General Chiang Kai-Shek has at last broken out in China after months of subterranean rumblings.

Powerful political figures, supported by military war chiefs throughout the land, have joined in an attempt to overthrow Chiang by bloodless means if possible, but by fighting if necessary.

Although Hu Han-Min, deposed chairman of the legislative Yuan and one of the leading figures of the country, remains a prisoner in Nanking, where he has been kept for many weeks since he came to open disagreement with policies of Chiang, his supporters in Kwangtung and other southern provinces have proclaimed rebellion and published a manifesto embodying their demands.

Runs have started at branches of the Central Bank of China in Canton. The bank is under control of T. V. Soong, finance minister of the national government.

Judge Don M. Cameron Names Court Reporter

Little Falls, Minn., April 29.—(U.P.)—Judge Don M. Cameron today announced the appointment of Frank J. White of St. Paul as court reporter here. White has been reporter for the state industrial commission for the past seven years. He will report for his first term at St. Cloud when district court convenes there on May 11.

Wage Argument With Striking Longshoremen Holds Great Lake Steamers at Head of Lakes

400 MEN OUT, HALF AT DULUTH, REST AT SUPERIOR

FEW MEN ACCEPT WORK WHILE
200 STRIKERS JEER
THEM

PICKETING AT DOCKS WILL NOT
BE USED BY THE
STRIKERS

Superior, Wis., April 29.—(U.P.)—Striking longshoremen and representatives of the Great Lakes Transit Corporation conferred today in efforts to solve difficulties over wage reduction which were holding Great Lakes steamers at the head of the lakes.

The strike of 400 longshoremen started yesterday when the corporation posted notice that wages would be reduced 15 cents an hour on both regular and overtime work. About half of the strikers were at Superior and half at Duluth.

A few men accepted work while 200 strikers jeered. Strikers said those who accepted work were old men who could not have obtained work during the competition with regular workers. Picketing at the docks will not be used by the strikers, it was reported, but a large number of longshoremen gathered about the employment office at the Great Northern docks.

The strike is a repetition of one last year when workers were asked to take a wage reduction to 60 cents. After a four-day strike, the longshoremen returned to work when the company capitulated to terms of 70 cents for work up to 6 P. M. and 85 cents an hour for overtime at night.

Strikers today predicted they would be victorious this year in maintaining their wage level. They said they would remain out until enough ships arrived in port to make the company accept their terms.

Few boats are tied up by the strike at the present time but others were enroute here from other lake ports. A prolonged strike, it was said, would complicate the movement of grain from Duluth and Superior elevators to the eastern markets and trading centers.

Superior, Wis., April 29.—Leaders of striking longshoremen here and at Duluth today said sympathy strikes may be called all along the Great Lakes to help local workers maintain their 1930 wage scale.

Terminal officials announced yesterday they will enforce a new scale lower than that paid last year.

Officials said the new rate was paid at Buffalo and other ports along the Great Lakes in 1930 and said uniform rates have been posted for all lake ports this year.

The longshoremen won a strike last year when the company attempted to slash rates at that time.

Leaders for 500 freight handlers and longshoremen today said they are prepared to continue the strike until the 1930 wage scale is re-established.

Jane Addams Predicts Abolition of War

Chicago, April 29.—(U.P.)—Jane Addams, famous social worker, told Young Women's Christian association workers from 13 middle western states that most of them would live to see the abolition of war.

"The greatest problem in the world is the abolition of war," Miss Addams said. "It is coming in your generation just as the abolition of slavery came in your grandmother's. The matter now is largely one of public opinion."

GENERAL REDUCTION IN WAGES WOULD SET LABOR BACK 20 YEARS

Detroit, Mich., April 29.—(U.P.)—A general reduction in wages would set labor back 20 years, in the opinion of Henry Ford.

In an interview, Ford stated there would be no deflation of labor by the Ford Motor company, nor is it likely any of the 3,500 companies which supply the Ford company with materials will reduce wages, the interview, printed by the Wall Street Journal, stated.

Ford explained that it was his theory that the high quality of workmanship demanded in his plants could not be provided by inferior workmen, or by inefficient or dissatisfied men.

The present Ford wage scale averages just a little more than a dollar an hour.

DRY ICE CONDUCTIVE TO MUCH DISCOMFORT, SAYS EXPERIMENTER

Kansas City, Mo., April 29.—(U.P.)—Dry ice is conducive to extreme bodily discomfort, Jack Cunningham was prepared to attest today. Cunningham got some ice from a cream truck, put it in water, drank the water and swallowed bits of the ice. His next procedure was to seek relief from an acute cramp of the stomach. Hospital attaches explained the dry ice was compressed carbon dioxide, a pound of which would expand to 200 quarts of gas.

Unless the expansion ruptured Cunningham's stomach tissues, he will suffer no permanent effects.

SUITOR OF SLAIN GIRL KILLS SELF WITH A SHOTGUN

AUTHORITIES WERE ABOUT TO
QUESTION WM. WETMORE
REGARDING GIRL

BELIEVE HIS DEATH SOLVES THE
MYSTERY REGARDING SLAIN
EMILY KIRK

Hamden, Conn., April 29.—(U.P.)—William Wetmore, a 25-year-old suitor—and kinsman by marriage—of the slain Emily Kirk, committed suicide with a shotgun and poison today as authorities planned again to question him regarding the girl's death.

After his body had been found in the underbrush behind the farm house in which he lived with his parents, authorities said they believed his death solved the slaying of the attractive girl whose body was found after a village social at the fire house Saturday night.

Emily, attractive daughter of a well to do family, was killed Saturday after she hurried gaily from the hall, where she had waited on table at a fire house social, to change her clothing for the later dancing.

Her body subsequently was found in a thicket 1,000 feet behind the fire house. She had been slugged with a bottle, assaulted, shot four times with a small bore pistol and her head crushed with a 50-pound rock.

Wetmore, cousin of Miss Kirk's brother-in-law, Clement Wetmore, was summoned by authorities who claimed they had learned he stood outside the fire house Saturday night, whistled for Emily and then took her away. He was released after questioning.

Yesterday county detectives again visited him. They told him they would like him to appear today for further questioning.

Today just before the questioning was to begin his body was found.

KENTUCKY MOUNTAIN SHERIFF CONTROLS LABOR CONTROVERSY

THE BIG BLACK MOUNTAIN COAL
MINES SCENE OF AN HOUR'S
BATTLE

MANAGEMENT OF THE MINES RE-
FUSES SUGGESTION OF
"CLOSED SHOP"

Harlan, Ky., April 29.—(U.P.)—A southern Kentucky mountaineer sheriff—John Henry Blainair—who speaks with the precision and ready rapidity of the machine gun he keeps handy for emergencies, was in militant control here today of a spectacular labor dispute in the Big Black Mountain coal mines.

A determined drive to organize open shop mines here under the banner of the United Mine Workers of America is in progress. Management of the mines has refused the suggestion of a "closed shop" contract and ill-will has been engendered among the union element involved.

A nondescript force of undetermined size, armed and deployed on a mountain top yesterday, opened fire into the ranks of some 200 miners on their way up the mountain to work. A one hour's battle ensued, during which 2,000 rounds of ammunition were exchanged.

"Hell, yes, I've issued orders to shoot to kill," Blainair announced after the attackers had been routed. "The laws of this state give any man the right to protect himself."

Blainair spurned the suggestion he seek state aid.

Amassing of the miners brought to a climax a week of sporadic disorders which included alleged murder, looting of commissaries, dynamiting of mine company property and whipping of mine workers allegedly to "force them into line."

John Pugh, 55-year-old deputy sheriff, was slain in a street fight with Bill Burnett last week. Burnett, who was wounded, is held on a charge of murder.

"We'll handle this thing ourselves," the sheriff said after quiet had settled over his aroused bailiwick. No arrests have been made, he said, and little was known of the mob which ambushed the miners.

Blainair said he believed most of them were "I. W. W.'s and rowdies." One of them was shot and possibly killed, he said.

KILLED WHILE RIDING BICYCLE TO SCHOOL

St. Paul, April 29.—(U.P.)—Thomas Chorte, 16, was killed today while riding a bicycle to classes at the Woodrow Wilson junior high school. It was St. Paul's 20th automobile fatality this year, as compared with 15 deaths at the same time last year.

Bobbed Bandit Meets Mate

Gone is the daring which characterized Celia Cooney, the original bobbed-haired bandit of Brooklyn, N. Y. Clad in a cheap dress and the regulation prison shoes, this scene was enacted at Syracuse Court, N. Y., where Celia came to testify in her husband's \$100,000 suit against the State for loss of an arm in Auburn Prison. Eddie, her husband and partner in a series of holdups which brought their conviction in 1924, is also paying the price demanded by society, as he is now an old man with face as gray as the prison uniform he wears. This was their first meeting since their conviction seven years ago.

HOUSES CRUMBLE AS QUAKE ROCKS GREEK ISLAND

Athens, Greece, April 29.—(U.P.)—Houses were crumbled on Ohios Island today for the second time in 24 hours as earthquake shocks were felt. Walls of many buildings were cracked, but no casualties were reported. The population of the island spent most of the time in tents.

Wild tempests were reported from Macedonia, where floods inundated much territory and communications were interrupted.

ST. LOUIS POLICE IN DRIVE AGAINST KNOWN CRIMINALS

SPURRED BY KIDNAPING OF
FAMOUS PHYSICIAN, DR.
ISAAC D. KELLEY

LATTER HAD BEEN HELD CAP-
TIVE FOR MORE THAN
A WEEK

St. Louis, April 29.—(U.P.)—A police drive against known criminals was started today as police searched for suspects in the kidnaping of Dr. Isaac D. Kelley, prominent and wealthy nose and throat specialist who was held captive by kidnapers for more than a week.

Three former members of the Cuckoo Gang, a notorious St. Louis band of criminals, were the object of the police search.

In the meantime, Dr. Kelley refused to comment upon whether a ransom was paid for his release yesterday. It was rumored that his wife paid \$100,000 for his release.

Dr. Kelley was returned to his home yesterday after he was released on an isolated roadway near East St. Louis, Ill.

The physician said that he had been blindfolded during his captivity and was unable to either identify his kidnapers or the places he was held.

It was learned that the kidnapers on one occasion pressed a gun against the doctor's head and forced him to write a ransom note to his wife. Dr. Kelley denied having written to his wife.

The kidnapers released Kelley to John T. Rogers, local newspaper man.

Dr. Kelley said he had been well treated by the kidnapers. He said he had been tied to a bed for six of the eight days of his captivity. Later, he said, the kidnapers allowed him to sit up and read.

When Dr. Kelley appeared at the palatial Kelley home on Portland Place he seemed to be in good physical condition.

Dr. Kelley disappeared from his home at 10 P. M. a week ago last Monday when he answered a sick call to a home in Clayton, a suburban district. He was taken captive when he arrived at the house.

RIDES TO SAFETY IN PARACHUTE

L.T. WARBURTON SAVED FROM
FLAMING CHUTE AND
PLANE

Detroit, April 29.—(U.P.)—Lieut. Ernest Warburton, 26, Boston, member of the army first pursuit group at Selfridge Field, rode to safety in a flaming parachute today after his plane caught fire.

Warburton suffered severe burns about the face and arms and his right leg was injured when he hit the earth. His chute had not opened until he was but a few hundred feet from the ground and the speed of his fall had not been entirely checked. The plane, which fell in an alley near the outskirts of Detroit, was destroyed.

Warburton was taken to a hospital where it was said his condition was "temporarily serious."

With other members of the pursuit squadron, Lieutenant Warburton was flying in formation when flames suddenly flashed back from the motor. Witnesses said he apparently had trouble getting out of the cockpit. The plane was losing altitude rapidly when he fought his way clear and jumped.

Today's experience was Warburton's second narrow escape in a few months. Last fall his plane and another collided over Selfridge Field during maneuvers. Although it was badly damaged Warburton managed to bring it to earth without mishap.

FLY TO PORTO RICO; LATER AROUND WORLD

Roosevelt, Field, N. Y., April 29.—(U.P.)—Hugh Herndon, Jr., and Clyde Pangborn departed for Porto Rico today in the cabin monoplane in which they plan later to make a flight around the world.

TEN MEN LOSE LIVES AT TEXAS, GLADEWATER WELL

FIRE STILL RAGING, FED BY
TREMENDOUS PRESSURE OF
OIL AND GAS

HOPE FOR TAMING THE GUSHER
WITHIN TWO DAYS WAS
SLIGHT

Gladeater, Texas, April 29.—(U.P.)—Sabotage by communists was included in the list of explanations offered today as to the cause of the fire at Sinclair Oil Company's great No. 1 Cole well which has killed ten men and still was raging today.

This explanation was offered by Sinclair officials who said the fire started beneath the derrick floor where there were no moving parts. Last week Ranger Captain Frank Hamer sent circular letters to all oil companies in Oklahoma and Texas warning against a red plot to destroy refineries and pipelines.

Glen Haroun, drilling superintendent, said that he expected rangers to investigate the blaze. His younger brother, Bill, was one of the men killed.

Friction, spontaneous combustion and the possible contact with metal of a rock fragment forced from the depths of the well, were also given as causes.

Gladeater, Texas, April 29.—Fire raged uncontrolled about a wild oil well near here today, claiming a heavy toll of life and property.

At least ten oil field workmen had perished at the foot of the blazing column. Two others were so seriously burned they were not expected to recover. At least two unidentified men were missing.

Fed by tremendous pressure of oil and gas, the Sinclair company's well resisted all attempts to control it.

Hope for taming the gusher within two days was slight, veteran oil field workers said.

A spark from tool friction was believed to have set off the flames, which instantly enveloped the well. So sudden was the disaster that workmen had little chance to escape. Known victims were W. H. McClain, Jr., 25, Winoka, Okla.; Robert and George Murdock, Seminole, Okla.; Virgil Woods, Oklahoma City; George Albright, Carnegie City, Pa.; Roy Blakenship, Seminole, Okla.; William Harboun, Oklahoma City; George Barthan, 28, and Frank Wolff, address unknown.

At least six other men were seriously burned.

The fire was the most tragic of several recent blazes in the new and booming east Texas fields, where 19 persons have died within the last two weeks.

The well blew in beyond control on Sunday night. Crews trying to subdue it, were on the verge of success when the flames leaped up last night. Its flow was estimated at 18,000 barrels of oil and 8,000,000 cubic feet of gas daily.

As rapidly as the victims were dragged from the region of intense heat they were removed to hospitals at nearby towns. Four bodies dropped into the pit. There was slight hope of recovering them.

The pillar of fire, more than 200 feet high, was an awe-inspiring spectacle through the night. Billows of heavy smoke, spread over the countryside.

W. Tom Cole, owner of the plat on which the well was tapped, several times went into the inferno to draw out seared bodies. His own burns finally sent him to a hospital.

Stories of horror came from the scene of the fire. Two men leaped into a slush pit for protection, but were boiled in the oil. A woman watched her husband's body consumed by flames.

Wisconsin Senate Favors Initiative and Referendum

Madison, Wis., April 29.—(U.P.)—Without debate the Wisconsin senate concurred 18 to 15 with the assembly today in adoption of a joint resolution providing for initiative and referendum. Similar action by the 1933 legislature and approval by the voters is necessary before the constitutional amendment involved would become effective.

TWO QUAKES TAKE TOLL OF LIFE IN TRANS-CAUCASIA

Moscow, April 29.—(U.P.)—Two serious earthquakes have taken a heavy toll of life and done wide damage in Trans-Caucasia.

Advices received today said 63 persons were known dead, hundreds were injured and many villages had been destroyed.

The most serious condition was in the Ordubak region, including the village of Nasyrvay, where 50 persons were killed, all houses destroyed and many injured.

Jane Addams Predicts Abolition of War

Chicago, April 29.—(U.P.)—Jane Addams, famous social worker, told Young Women's Christian association workers from 13 middle western states that most of them would live to see the abolition of war.

"The greatest problem in the world is the abolition of war," Miss Addams said. "It is coming in your generation just as the abolition of slavery came in your grandmother's. The matter now is largely one of public opinion."

GENERAL REDUCTION IN WAGES WOULD SET LABOR BACK 20 YEARS

Detroit, Mich., April 29.—(U.P.)—A general reduction in wages would set labor back 20 years, in the opinion of Henry Ford.

In an interview, Ford stated there would be no deflation of labor by the Ford Motor company, nor is it likely any of the 3,500 companies which supply the Ford company with materials will reduce wages, the interview, printed by the Wall Street Journal, stated.

Ford explained that it was his theory that the high quality of workmanship demanded in his plants could not be provided by inferior workmen, or by inefficient or dissatisfied men.

The present Ford wage scale averages just a little more than a dollar an hour.

DRY ICE CONDUCTIVE TO MUCH DISCOMFORT, SAYS EXPERIMENTER

Kansas City, Mo., April 29.—(U.P.)—Dry ice is conducive to extreme bodily discomfort, Jack Cunningham was prepared to attest today. Cunningham got some ice from a cream truck, put it in water, drank the water and swallowed bits of the ice. His next procedure was to seek relief from an acute cramp of the stomach. Hospital attaches explained the dry ice was compressed carbon dioxide, a pound of which would expand to 200 quarts of gas. Unless the expansion ruptured Cunningham's stomach tissues, he will suffer no permanent effects.

SUITOR OF SLAIN GIRL KILLS SELF WITH A SHOTGUN

AUTHORITIES WERE ABOUT TO
QUESTION WM. WETMORE
REGARDING GIRL

BELIEVE HIS DEATH SOLVES THE
MYSTERY REGARDING SLAIN
EMILY KIRK

Hamden, Conn., April 29.—(U.P.)—William Wetmore, a 25-year-old suitor — and kinsman by marriage — of the slain Emily Kirk, committed suicide with a shotgun and poison today as authorities planned again to question him regarding the girl's death.

After his body had been found in the underbrush behind the farm house in which he lived with his parents, authorities said they believed his death solved the slaying of the attractive girl whose body was found after a village social at the fire house Saturday night.

Emily, attractive daughter of a well to do family, was killed Saturday after she hurriedly fled from the hall, where she had waited on table at a fire house social, to change her clothing for the later dancing.

Her body subsequently was found in a thicket 1,000 feet behind the fire house. She had been slugged with a bottle, assaulted, shot four times with a small bore pistol and her head crushed with a 50-pound rock.

Wetmore, cousin of Miss Kirk's brother-in-law, Clement Wetmore, was summoned by authorities who claimed they had learned he stood outside the fire house Saturday night, whistled for Emily and then took her away. He was released after questioning.

Yesterday county detectives again visited him. They told him they would like him to appear today for further questioning.

Today just before the questioning was to begin his body was found.

KENTUCKY MOUNTAIN SHERIFF CONTROLS LABOR CONTROVERSY

THE BIG BLACK MOUNTAIN COAL
MINES SCENE OF AN HOUR'S
BATTLE

MANAGEMENT OF THE MINES RE-
FUSES SUGGESTION OF
"CLOSED SHOP"

Harlan, Ky., April 29.—(U.P.)—A southeastern Kentucky mountaineer sheriff — John Henry Blainair — who speaks with the precision and ready rapidity of the machine gun he keeps handy for emergencies, was in militant control here today of a spectacular labor dispute in the Big Black Mountain coal mines.

A determined drive to organize open shop mines here under the banner of the United Mine Workers of America is in progress. Management of the mines has refused the suggestion of a "closed shop" contract and ill-will has been engendered among the union element involved.

A nondescript force of undetermined size, armed and deployed on a mountain top yesterday, opened fire into the ranks of some 200 miners on their way up the mountain to work. A one-hour battle ensued, during which 2,000 rounds of ammunition were exchanged.

"Hell, yes, I've issued orders to shoot to kill," Blainair announced after the attackers had been routed. "The laws of this state give any man the right to protect himself."

Blainair spurned the suggestion he seek state aid.

Ambushing of the miners brought to a climax a week of sporadic disorders which included alleged murder, looting of commissaries, dynamiting of mine company property and whipping of mine workers allegedly to "force them into line."

Jess Page, 55-year-old deputy sheriff, was slain in a street fight with Bill Burnett last week. Burnett, who was wounded, is held on a charge of murder.

"We'll handle this thing ourselves," the sheriff said after quiet had settled over his aroused bailiwick. No arrests have been made, he said, and little was known of the mob which ambushed the miners.

Blainair said he believed most of them were "T. W. W.'s and rowdies." One of them was shot and possibly killed, he said.

KILLED WHILE RIDING BICYCLE TO SCHOOL

St. Paul, April 29.—(U.P.)—Thomas Chorte, 16, was killed today while riding a bicycle to classes at the Woodrow Wilson junior high school. It was St. Paul's 20th automobile fatality this year, as compared with 15 deaths at the same time last year.

Bobbed Bandit Meets Mate

Gone is the daring who characterized Celia Cooney, the original bobbed-haired bandit of Brooklyn, N. Y. Clad in a cheap dress and the regulation prison shoes, this scene was enacted at Syracuse Court, N. Y., where Celia came to testify in her husband's \$100,000 suit against the State for loss of an arm in Auburn Prison. Eddie, her husband and partner in a series of holdups which brought their conviction in 1924, is also paying the price demanded by society, as he is now an old man with face as gray as the prison uniform he wears. This was their first meeting since their conviction seven years ago.

HOUSES CRUMBLE AS QUAKE ROCKS GREEK ISLAND

Athens, Greece, April 29.—(U.P.)—Houses were crumbled on Ohios Island today for the second time in 24 hours as earthquake shocks were felt.

Walls of many buildings were cracked, but no casualties were reported. The population of the island spent most of the time in tents.

Wild tempests were reported from Macedonia, where floods inundated much territory and communications were interrupted.

ST. LOUIS POLICE IN DRIVE AGAINST KNOWN CRIMINALS

SPURRED BY KIDNAPING OF
FAMOUS PHYSICIAN, DR.
ISAAC D. KELLEY

LATTER HAD BEEN HELD CAP-
TIVE FOR MORE THAN
A WEEK

St. Louis, April 29.—(U.P.)—A police drive against known criminals was started today as police searched for suspects in the kidnaping of Dr. Isaac D. Kelley, prominent and wealthy nose and throat specialist who was held captive by kidnapers for more than a week.

Three former members of the Cuckoo Gang, a notorious St. Louis band of criminals, were the object of the police search.

In the meantime, Dr. Kelley refused to comment upon whether a ransom was paid for his release yesterday. It was rumored that his wife paid \$100,000 for his release.

Dr. Kelley was returned to his home yesterday after he was released on an isolated roadway near East St. Louis, Ill.

The physician said that he had been blindfolded during his captivity and would be unable to either identify his kidnapers or the places he was held.

It was learned that the kidnapers on one occasion pressed a gun against the doctor's head and forced him to write a ransom note to his wife. Dr. Kelley denied having written to his wife.

The kidnapers released Kelley to John T. Rogers, local newspaper man. Dr. Kelley said he had been well treated by the kidnapers. He said he had been tied to a bed for six of the eight days of his captivity. Later, he said, the kidnapers allowed him to sit up and read.

When Dr. Kelley appeared at the palatial Kelley home on Portland Place he seemed to be in good physical condition.

Dr. Kelley disappeared from his home at 10 P. M. a week ago last Monday when he answered a sick call to a home in Clayton, a suburban district. He was taken captive when he arrived at the house.

RIDES TO SAFETY IN PARACHUTE

DETROIT, April 29.—Lieut. Ernest Warburton, 26, Boston, member of the army first pursuit group at Selfridge Field, rode to safety in a flaming parachute today after his plane caught fire.

Warburton suffered severe burns about the face and arms and his right leg was injured when he hit the earth. His chute had not opened until he was but a few hundred feet from the ground and the speed of his fall had not been entirely checked. The plane, which fell in an alley near the outskirts of Detroit, was destroyed.

Warburton was taken to a hospital where it was said his condition was "temporarily serious."

With other members of the pursuit squadron, Lieutenant Warburton was flying in formation when flames suddenly flashed back from the motor. Witnesses said he apparently had trouble getting out of the cockpit. The plane was losing altitude rapidly when he fought his way clear and jumped.

Today's experience was Warburton's second narrow escape in a few months. Last fall his plane and another collided over Selfridge Field during maneuvers. Although it was badly damaged Warburton managed to bring it to earth without mishap.

FLY TO PORTO RICO; LATER AROUND WORLD

Roosevelt, Field, N. Y., April 29.—(U.P.)—Hugh Herndon, Jr., and Clyde Pangborn departed for Porto Rico today in the cabin monoplane in which they plan later to make a flight around the world.

TEN MEN LOSE LIVES AT TEXAS, GLADEWATER WELL

FIRE STILL RAGING, FED BY
TREMENDOUS PRESSURE OF
OIL AND GAS

HOPE FOR TAMING THE GUSHER
WITHIN TWO DAYS WAS
SLIGHT

Gladeater, Texas, April 29.—(U.P.)—Sabotage by communists was included in the list of explanations offered today as to the cause of the fire at Sinclair Oil Company's great No. 1 Cole well which has killed ten men and still was raging today.

This explanation was offered by Sinclair officials who said the fire started beneath the derrick floor where there were no moving parts. Last week Ranger Captain Frank Hamer sent circular letters to all oil companies in Oklahoma and Texas warning against a red plot to destroy refineries and pipelines.

Glen Haroun, drilling superintendent, said that he expected rangers to investigate the blaze. His younger brother, Bill, was one of the men killed.

Friction, spontaneous combustion and the possible contact with metal of a rock fragment forced from the depths of the well, were also given as causes.

Gladeater, Texas, April 29.—Fire raged uncontrolled about a wild oil well near here today, claiming a heavy toll of life and property.

At least ten oil field workmen had perished at the foot of the blazing column. Two others were so seriously burned they were not expected to recover. At least two unidentified men were missing.

Fed by tremendous pressure of oil and gas, the Sinclair company's well resisted all attempts to control it.

Hope for taming the gusher within two days was slight, veteran oil field workers said.

A spark from tool friction was believed to have set off the flames, which instantly enveloped the well. So sudden was the disaster that workmen had little chance to escape. Known victims were W. H. McClaslin, Jr., 25, Winoka, Okla.; Robert and George Murdock, Seminole, Okla.; Virgil Woods, Oklahoma City; George Albright, Carnegie City, Pa.; Roy Blackenship, Seminole, Okla.; William Harboun, Oklahoma City; George Barthan, 28, and Frank Wolff, address unknown.

At least six other men were seriously burned.

The fire was the most tragic of several recent blazes in the new and booming east Texas fields, where 19 persons have died within the last two weeks.

The well blew in beyond control on Sunday night. Crews trying to subdue it, were on the verge of success when the flames leaped up last night. Its flow was estimated at 18,000 barrels of oil and 8,000,000 cubic feet of gas daily.

As rapidly as the victims were dragged from the region of intense heat they were removed to hospitals at nearby towns. Four bodies dropped into the pit. There was slight hope of recovering them.

The pillar of fire, more than 200 feet high, was an awe-inspiring spectacle through the night. Billows of heavy smoke, spread over the countryside.

W. Tom Cole, owner of the plat on which the well was tapped, several times went into the inferno to draw out seared bodies. His own burns finally sent him to a hospital.

Stories of horror came from the scene of the fire. Two men leaped into a slush pit for protection, but were boiled in the oil. A woman watched her husband's body consumed by flames.

Wisconsin Senate Favors Initiative and Referendum

Madison, Wis., April 29.—(U.P.)—Without debate the Wisconsin senate concurred 18 to 15 with the assembly today in adoption of a joint resolution providing for initiative and referendum. Similar action by the 1933 legislature and approval by the voters is necessary before the constitutional amendment involved would become effective.

TWO QUAKES TAKE TOLL OF LIFE IN TRANS-CAUCASIA

Moscow, April 29.—(U.P.)—Two serious earthquakes have taken a heavy toll of life and done wide damage in Trans-Caucasia.

Advices received today said 63 persons were known dead, hundreds were injured and many villages had been destroyed.

The most serious condition was in the Ordubatsk region, including the village of Narynva, where 50 persons were killed, all houses destroyed and many injured.

SWEDISH CLUB TO ATTEND FESTIVAL

Singers From Brainerd Plan to Participate in Midwest Meet at Des Moines in June

As tentatively planned the Swedish Glee Club of Brainerd will participate in the Midwest Festival, concert and convention of the Union of Swedish Singers at Des Moines, Ia., on June 19 and 20.

Invitation to attend was received from the Norden Singers of Des Moines who were present for the Northwest Convention in Brainerd last June. The Iowa singers enjoyed themselves so heartily while in Brainerd and the lake region that they have become great boosters for this section, word from Des Moines says.

More than 1,000 singers will be present. The concerts will be given in the Shrine Auditorium at Des Moines. There will be representation from such lengthy journeys as California, Colorado, New York and Florida.

BRAINERD 25 Years Ago

April 29, 1906

The North Stars, who got away with the City team last Sunday go to Little Falls tonight to play a team there. The battery will be Bush and Parker, with Drogseth as reserve pitcher. The Highfliers challenge any 15 year old team in the city or neighboring towns. Anyone wishing to accept, is asked to get in touch with James Templeton.

A reception will be held May 1 for Rev. A. P. Garret of the First Baptist church.

There was a good crowd present at the silver medal contest at the M. E. church last evening. Nettie Angel winning the medal.
More than 200 pieces of mail were received in 24 hours in the Minneapolis post office which came from San Francisco. In nearly every case they were without stamp and in many instances were simply a scrap of paper with a message in pencil and an address. The government delivered the mail, collecting the postage from the recipients.

W. H. Gemmell and W. A. Strachan came in today on Mr. Strachan's special car. Mr. Gemmell left for Minneapolis, having completed his inspection of the line.

F. C. Jewett, manager of the Long-year Company, was in the city today and visited the drills south of here. The Brainerd Telephone exchange answered 2,430 calls yesterday, and it was a light day at that.

MRS. I. J. BATES, AGED 74, PASSES

E. J. HANSON TREASURER

I. L. Peterson is Named Sergeant-at-Arms and Frank B. Johnson is Reappointed Song Leader

At the Rotary meeting, the result of the annual election of officers was announced as follows:

President, Carl Zapffe.
Vice President, D. E. Whitney.
Secretary, Leigh Slipp.
Treasurer, E. J. Hanson.
Sergeant-at-Arms, I. L. Peterson.
Song Leader, Frank B. Johnson.
W. H. Gemmell spoke on ethics, ideals and objects of Rotary. His ten minute talk is one of a series being given by members. Next week Wm. A. Spencer takes up another phase of Rotary.

Hilding Swanson gave a fine address on Indian lore, traditions and customs and dwelt on the value of these and the necessity of establishing, marking and preserving various sites famous in such history. The work of mound builders, centuries old, pre-dates that of comparatively modern Indian tribes. An extended review of Mr. Swanson's address will be published.

R. T. Campbell asked for attendance at the P. T. A. entertainment at the high school Friday evening. Funds derived will be used for convention purposes when the State P. T. A. meets in Brainerd October 19, 20 and 21.

Northern Minnesota Interested

The failure of the legislature and Governor Olson to agree on a sewage plan for the Twin Cities and South St. Paul is of concern to a large section of Northern Minnesota.

Northern Minnesota, says the St. Cloud Daily Times, is also suspicious of the attempts of Minneapolis and St. Paul to agree on a plan without the sanction of the state, and from past experiences it has little faith that they will ever agree. It looks upon the actions of the two city councils as rather a play for time, to postpone any solution until the new legislature meets two years hence.

The concern of Northern Minnesota is that it wants its lakes restored to normal levels. With the sewage unsolved in these down river cities, the natural demand will be to bring down the biggest volume of water to mitigate as far as possible the poisonous effects of the river pollution.

The one way to bring back these lakes of the reservoir system to the necessary height of water is to limit the outlet to the smallest possible and practical amount. The draining of these waters in the past two or three years has been a most serious menace, and if this policy is continued great damage will be done to these beautiful lakes. Unless there is an unusually heavy rain fall in the next two or three years, it will take perhaps ten to bring back these lakes to the desired height.

A special session of the legislature may be necessary to provide a remedy that the last session failed to enact.

The lawmakers had ninety working days in which to agree on the solution. The failure to act only in the closing days is not wholly their fault, but that of the three interested cities who were not in harmony on any acceptable plan. The Governor's veto came too late for the legislature to undo its mistake.

As the members will draw no salary in an extra session they could be expected to act more promptly than they did during the session. To be called back to finish an important duty might be a good object lesson to sessions of the future.

As long as there is a question over the reapportionment, it would be well for a test case to be presented to the courts without delay, and then if the redistricting by the legislature was knocked out by the governor, a special session could provide a new bill, and an improvement could easily be made over the one adopted.

What Northern Minnesota would like to ask Gov. Olson, Minneapolis, St. Paul and South St. Paul is how much longer has it to wait until its lakes can be brought back to their former beauty and usefulness?

Nine-foot Channel on Mississippi

THE nine-foot channel on the Upper Mississippi river will be an actuality by October, Lieutenant Colonel Wildurr Willing, United States District Engineer, has stated.

This season's dredging will make the 35 miles of navigable stream from Hastings to the Twin Cities of nine foot depth. A force of more than 400 men is at work on the river between Minneapolis and Lynxville, Wis. All condemnation proceedings are expected to be cleared up by June, Willing said, so that a full head of water can be turned into the Hastings pool.

At present the channel between Hastings and St. Paul is six feet deep, it was said. Below the dam the channel is five feet deep. Dredging operations at Lynxville are intended to straighten out what is known as "Crooked Slough."

Work is also under way widening the channel at the municipal barge terminal for the turning basin and dredging operations are under way at the Minneapolis terminal and between the high dam and St. Paul.

Raising Convention Fund

It costs time and money to properly entertain conventions and to maintain the record of Brainerd for hospitality.

The Central Parent Teachers Council is giving a fine entertainment at the Washington high school auditorium Friday evening, May 1, to raise money for the P. T. A. convention to be held in Brainerd in October.

It is hoped there will be a large attendance to aid the P. T. A. council in its laudable efforts.

LITTLE FALLS, through the agency of the local unit of the V. F. W., was host Sunday to many delegates of the organization, coming from Staples, St. Cloud, Brainerd, Minneapolis and other points, says the Little Falls Daily Transcript. Caring for a large number of delegates to any meeting is no small chore, but the members of the local post were equal to the occasion and the visitors went home with a warm feeling in their hearts for people of this city.

THE warm spring weather has induced many householders to have their houses painted. Paint is selling very reasonably in Brainerd. Two coats of paint will restore almost any home to new freshness. Before painting, have a carpenter go over the exterior to see about replacing siding, etc., where needed.

MANY people wondered why Jack Diamond, New York beer lord and bootlegger of high power liquor, was hanging so closely to the fashionable mountain district of New York state. It seems he has been a purveyor of applejack out there.

Northern Minnesota Interested

The failure of the legislature and Governor Olson to agree on a sewage plan for the Twin Cities and South St. Paul is of concern to a large section of Northern Minnesota.

Northern Minnesota, says the St. Cloud Daily Times, is also suspicious of the attempts of Minneapolis and St. Paul to agree on a plan without the sanction of the state, and from past experiences it has little faith that they will ever agree. It looks upon the actions of the two city councils as rather a play for time, to postpone any solution until the new legislature meets two years hence.

The concern of Northern Minnesota is that it wants its lakes restored to normal levels. With the sewage unsolved in these down river cities, the natural demand will be to bring down the biggest volume of water to mitigate as far as possible the poisonous effects of the river pollution.

The one way to bring back these lakes of the reservoir system to the necessary height of water is to limit the outlet to the smallest possible and practical amount. The draining of these waters in the past two or three years has been a most serious menace, and if this policy is continued great damage will be done to these beautiful lakes. Unless there is an unusually heavy rain fall in the next two or three years, it will take perhaps ten to bring back these lakes to the desired height.

A special session of the legislature may be necessary to provide a remedy that the last session failed to enact.

The lawmakers had ninety working days in which to agree on the solution. The failure to act only in the closing days is not wholly their fault, but that of the three interested cities who were not in harmony on any acceptable plan. The Governor's veto came too late for the legislature to undo its mistake.

As the members will draw no salary in an extra session they could be expected to act more promptly than they did during the session. To be called back to finish an important duty might be a good object lesson to sessions of the future.

As long as there is a question over the reapportionment, it would be well for a test case to be presented to the courts without delay, and then if the redistricting by the legislature was knocked out by the governor, a special session could provide a new bill, and an improvement could easily be made over the one adopted.

What Northern Minnesota would like to ask Gov. Olson, Minneapolis, St. Paul and South St. Paul is how much longer has it to wait until its lakes can be brought back to their former beauty and usefulness?

Nine-foot Channel on Mississippi

THE nine-foot channel on the Upper Mississippi river will be an actuality by October, Lieutenant Colonel Wildurr Willing, United States District Engineer, has stated.

This season's dredging will make the 35 miles of navigable stream from Hastings to the Twin Cities of nine foot depth. A force of more than 400 men is at work on the river between Minneapolis and Lynxville, Wis. All condemnation proceedings are expected to be cleared up by June, Willing said, so that a full head of water can be turned into the Hastings pool.

At present the channel between Hastings and St. Paul is six feet deep, it was said. Below the dam the channel is five feet deep. Dredging operations at Lynxville are intended to straighten out what is known as "Crooked Slough."

Work is also under way widening the channel at the municipal barge terminal for the turning basin and dredging operations are under way at the Minneapolis terminal and between the high dam and St. Paul.

Raising Convention Fund

It costs time and money to properly entertain conventions and to maintain the record of Brainerd for hospitality.

The Central Parent Teachers Council is giving a fine entertainment at the Washington high school auditorium Friday evening, May 1, to raise money for the P. T. A. convention to be held in Brainerd in October.

It is hoped there will be a large attendance to aid the P. T. A. council in its laudable efforts.

LITTLE FALLS, through the agency of the local unit of the V. F. W., was host Sunday to many delegates of the organization, coming from Staples, St. Cloud, Brainerd, Minneapolis and other points, says the Little Falls Daily Transcript. Caring for a large number of delegates to any meeting is no small chore, but the members of the local post were equal to the occasion and the visitors went home with a warm feeling in their hearts for people of this city.

THE warm spring weather has induced many householders to have their houses painted. Paint is selling very reasonably in Brainerd. Two coats of paint will restore almost any home to new freshness. Before painting, have a carpenter go over the exterior to see about replacing siding, etc., where needed.

FAILED TO FIGHT BRUSH FIRE, FINED

Clarence Tuttle Fined \$10 for Failure to Comply With Demands of Assistant Ranger

FLAMES SWEEP 400 ACRES

St. Mathias Man Tells Court He Was Unaware of Existing Law; Pleads Guilty

Failing to assist in the fighting of a brush fire that swept 400 acres in Sections 22, 23 and 27 of St. Mathias township after he had been requested to by state forestry men, Clarence Tuttle of St. Mathias township, was fined \$10 and costs in municipal court by Judge J. H. Warner today.

The complaint was made by William F. Olson who was in charge of extinguishing the blaze.

The law states that any forestry officer or township fire warden has the authority to order any able bodied man to fight forest fires and refusal to comply leaves the man subject to prosecution and a fine.

Tuttle said he was unaware of the existing law.

Carol: Don't permit anybody to use the x-ray on your face so that the skin is burned off. That happened to a girl I know trying to get some relief ever since. The best physicians in Vienna and France told her there was no help for her. Be careful of your remedies and your doctors. Better not to have such a scumptions complexion than to be permanently disfigured. Ask a reputable physician who doesn't do that kind of work himself and he will direct you to a good skin doctor.

New Jersey: If your husband objects to you and his daughters laughing, won't let you turn on the radio, finds fault continually, and objects to doing anything for any of you, yet is sober and industrious and stays at home, I'd say he is probably unable to help himself. He sounds more ill than devilish. Why not ask your family doctor about him? I'm sorry for you. It's a trial, I know.

You are a brave woman, Mrs. S. and I like your frankness. This correspondent tells me her husband is housekeeper and nursemaid and she is the wage earner, because the husband hasn't been able to get work. That's what I call pluck, and as she says "Things seem to be topsy turvy in this world at present." She wishes the blonde who complained of \$50 a week pin money and wanted \$100, could tell her how to keep a family of five on \$25 a week. Mrs. S. would like to know.

If you think you have trouble, hear about Mrs. A. in Camden, New Jersey: Her husband makes from \$50 to \$60 a week out of a business with which he won't bother. He hires some one to run it for him. She has two children slightly over ten years of age, and she went to work to make enough to pay her bills and her husband cut her allowance from \$13 a week to \$10. The husband comes home at 1 a. m. and she "fights with him to try to make him understand what she is entitled to" and it makes no impression. He has a car but says she doesn't know how to handle money and won't give her any more than \$10. She would "Like to leave him" but wants advice.

Will the lady who refused the \$50 pin money read that carefully.

Oh, forget it, Buddy, you are a baby and the girl is an experienced woman of the world. If you give her a dime you should have your head examined. She's working you and in love with

MOST FOODS TASTE BETTER IF COOKED IN SMALL AMOUNTS

Same is True of Hills Bros. Coffee, Which is Never Roasted in Bulk

When food is cooked in small quantities, the mixing, the application of heat, can be controlled with much more exactness. An omelet, for example, made of three eggs will turn out more tender and fluffier than one made of many eggs.

A similar situation occurs in roasting coffee. When roasted in bulk it is impossible to control the heat exactly. Some of the batch, therefore, is overdone and some underdone. As a result there is a variation in flavor.

In the invention of Controlled Roasting, Hills Bros. found the way to insure an even roast in their fine blend of coffee. Only a few pounds at a time are roasted by this patented, continuous process. When the roasting is finished a uniformly delicious flavor has been developed such as no other coffee has.

When you buy Hills Bros. Coffee it is always fresh because it is packed in vacuum. By this process, air, which destroys the flavor of coffee, is taken from the can and kept out. Ordinary cans, even if air-tight, do not keep coffee fresh. Grocers everywhere sell Hills Bros. Coffee. Ask for it by name and look for the Arab on the can.

Hills Bros. Coffee, Inc., Minneapolis, Minnesota.

the other man. Finding these things out is a tragedy of life, but not as great as one as not finding out.

Three women, wearing several thousand dollars worth of clothes and fine furs, sat at the next table to mine in a New York tea room. They were lighting into some woman—tooth and nail. Their looks were sharp teeth, their words the long nails. They ordered coffee.

"No, nothing else," they snapped to the little waitress in lavender and then proceeded with their devastating job of slaying the absent woman "friend."

"She just naturally lied to me," said one of them. "I knew the phone call was from him, and she said it was her sister. That's gratitude I tell you, after all I've done for her."

"Yes, and I told her she would look like a ghost without rouge but do you suppose she'd listen to me? Not she! And when she bought that red dress, I told her red looked simply awful on her, but she got the dress just the same. She's simply without any taste at all. She says at least she is individual. What if she is? No-body is wearing those things. She needs her head examined."

It was the first one's turn again and she began—"I always knew she would turn out that way, because—"

Turn out what way? Individual? Not wanting to wear rouge? Thinking her phone calls were her business? Liking a red dress?

They passed her up momentarily in their anxiety to get to the man who had, evidently, been paying continual court to the girl with the red dress. "With all his money she wouldn't be a credit to him. She'd look like somebody's governess when he took her out."

"Yeah, and because she smiles all the time he thinks she has a good disposition. If he knew her as we know her! He wouldn't have her. My daughter went to that Smith debut party with him, and she says she doesn't believe he has half the money they say he has. He just doesn't act like money. And as for his family in France being aristocrats, there are a lot of rascals, pretty well degenerated aristocrats over there. She needn't feel so set up about landing him."

"I don't think the real people will take her up even if he does marry her. To get across in the right of society you've got to have more than a husband who is suspected of being somebody."

"He looks to me as if he'd spent some years in riotous living that's what it looks like to me. A gay blade—you know, women and wine and all that sort of thing. He has such tired eyes."

"Yeah, and she thinks they are so romantic. Fancy that! Calls them dreamy. They tell me he lost a terrible amount in the market crash, and she can't help him. They probably will have to scrimp, and a lot of time society will spend upon them then. She will get awfully disillusioned."

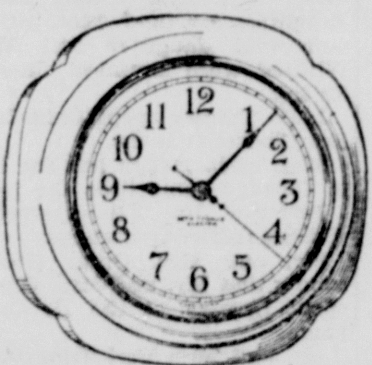

The trio got the coffee down their hot throats like three wet hens, they left the tea room, without so much as one smile among them. Not even a flicker of a smile.

My but that man must be rich! I wonder how many daughters the three had?

Just three well groomed character assassins, that's all. Heaven help their friends!

RAYMOND E. KANE ADDRESSING SCHOOLS

Officer in Charge of Navy Recruiting Spoke at Crosby Yesterday

Raymond E. Kane, machinist mate, U. S. N., in charge of the recruiting station at Brainerd, yesterday addressed high school students at Crosby.

Mr. Kane, gave a very interesting and educational talk on the navy. He outlined the life of a sailor, his daily program on board a modern battleship which offers him many opportunities in various trades and studies and interesting recreation.

Before men can enlist they must pass a physical and mental examination in which 80 percent fail physically and 50 percent of them because of their teeth while another 12 percent do not pass because of their past record.

Among the navy opportunities which are given to the sailors if he wishes to take advantage of them are steady employment, advancing pay, chance to receive good education, opportunity to learn trades, chance to receive bonus and leave, and at the end of 20 years a substantial pension.

Mr. Kane will speak at all the high schools in the near vicinity during the next two weeks Little Falls, Aitkin, Mole, Staples, Pequot, Pillager and Pine River.

41 PASSENGERS LOSE LIVES IN RAILROAD WRECK IN EGYPT

Cairo, Egypt, April 29.—(UP)—Men, women and children were burned to death tonight when the Alexandria express caught fire just before its arrival at Benha.

Forty-one passengers, including ten children, were estimated to have lost their lives and 36 others were in hospitals.

Benha, or Benha El-Asal, is an important railway junction, 29 miles north of Cairo.

All victims were in third class coaches. They included only one European, a Spanish woman.

The engineer of the train was unaware of the fire until a signal man halted him at Benha. A strong wind fanned the flames back along the speeding train.

All those taken to the hospital were in a serious condition.

The cause of the fire had not been determined.

It was believed, however, that the fire was started by a hot box.

Some passengers were reported to have been killed when they jumped from the flaming train.

FIGHT DISTURBS LOCAL HOSPITAL

Relatives Reported in Fistic Encounter in Front of St. Joseph's Hospital

Police were investigating today a fistic battle last evening in front of the St. Joseph's hospital which disturbed the serenity of the patients, nurses and Sisters.

Parties in the melee promised to swear out warrants on each other. Noone accepts the responsibility of the start of it.

Witnesses reported to the police that there was considerable swearing. The actual fighting is alleged to have occurred between Orle Behne and his brother-in-law, Otto Kretzman. Carl, brother of Orle, is reported to have stepped between the two.

**You can pay a little less,
or far more .. but Pontiac
is the happy medium in
car quality and cost★**

If you are like a lot of other motorists, what you really want is a car you can be proud of, at a reasonable cost. That describes the new Pontiac.

Driving this car, you will feel a smooth, even power which speaks volumes for its new 60-h.p. engine. One reason for that smoothness is the engine's large size, which means it never has to "labor."

Seeking reasons for Pontiac's unusual riding ease, you will learn that the chassis is rubber-cushioned at 43 points.

On hot days or cold days or rainy days you will appreciate the com-

fort of the Pontiac insulated body. Stopping in traffic or riding down a steep hill, a light touch will prove that you can depend on Pontiac's brakes.

And if you care about other people's approval, you'll notice plenty of it as you drive your Pontiac! And you'll hear that approval as guests note the genuine mohair or whipcord upholstery, the rich appointments, the fine finish of every detail.

See the new Pontiac—drive it—and we know you will find it the kind of car you like at the price you want to pay.

New Jersey: If your husband objects to you and his daughters laughing, won't let you turn on the radio, finds fault continually, and objects to doing anything for any of you, yet is sober and industrious and stays at home, I'd say he is probably unable to help himself. He sounds more ill than devilish. Why not ask your family doctor about him? I'm sorry for you. It's a trial, I know.

You are a brave woman, Mrs. S., and I like your frankness. This correspondent tells me her husband is housekeeper and nursemaid and she is the wage earner, because the husband hasn't been able to get work. That's what I call pluck, and as she says "Things seem to be topsy turvy in this world at present." She wishes the blonde who complained of \$50 a week pin money and wanted \$100, could tell her how to keep a family of five on \$25 a week. Mrs. S. would like to know.

If you think you have trouble, hear about Mrs. A. in Camden, New Jersey: Her husband makes from \$50 to \$60 a week out of a business with which he won't bother. He hires some one to run it for him. She has two children, slightly over ten years of age, and she went to work to make enough to pay her bills and her husband cut her allowance from \$13 a week to \$10. The husband comes home at 1 a. m. and she "fights with him to try to make him understand what she is entitled to" and it makes no impression. He has a car but says she doesn't know how to handle money and won't give her any more than \$10. She would "like to leave him" but wants advice.

Will the lady who refused the \$50 pin money read that carefully.

Oh, forget it, Buddy, you are a baby and the girl is an experienced woman of the world. If you give her a dime you should have your head examined. She's working you and in love with

MOST FOODS TASTE BETTER IF COOKED IN SMALL AMOUNTS

Same is True of Hills Bros.
Coffee, Which is Never
Roasted in Bulk

When food is cooked in small quantities, the mixing, the application of heat, can be controlled with much more exactness. An omelet, for example, made of three eggs will turn out more tender and fluffy than one made of many eggs.

A similar situation occurs in roasting coffee. When roasted in bulk it is impossible to control the heat exactly. Some of the batch, therefore, is overdone and some underdone. As a result there is a variation in flavor.

In the invention of Controlled Roasting, Hills Bros. found the way to insure an even roast in their fine blend of coffee. Only a few pounds at a time are roasted by this patented, continuous process. When the roasting is finished a uniformly delicious flavor has been developed such as no other coffee has.

When you buy Hills Bros. Coffee it is always fresh because it is packed in vacuum. By this process, air, which destroys the flavor of coffee, is taken from the can and kept out. Ordinary cans, even if air-tight, do not keep coffee fresh. Grocers everywhere sell Hills Bros. Coffee. Ask for it by name and look for the Arab on the can. Hills Bros. the other man. Finding these things out is a tragedy of life, but not as great as one as not finding out.

Three women, wearing several thousand dollars worth of clothes and fine furs, sat at the next table to mine in a New York tea room. They were lighting into some woman—tooth and nail. Their looks were sharp teeth, their words the long nails. They ordered coffee.

"No, nothing else," they snapped to the little waitress in lavender and then proceeded with their devastating job of slaying the absent woman "friend."

"She just naturally lied to me," said one of them. "I knew the phone call was from him, and she said it was her sister. That's gratitude I tell you, after all I've done for her."

"Yes, and I told her she would look like a ghost without rouge but do you suppose she'd listen to me? Not she!"

"And when she bought that red dress, I told her red looked simply awful on her, but she got the dress just the same. She's simply without any taste at all. She says at least she is individual. What if she is? Nobody is wearing those things. She needs her head examined."

It was the first one's turn again and she began—"I always knew she would turn out that way, because—"

"Turn out what way? Individual? Not wanting to wear rouge? Thinking her phone calls were her business? Liking a red dress?"

They passed her up momentarily in their anxiety to get to the man who had, evidently, been paying continual court to the girl with the red dress.

"With all his money she wouldn't be a credit to him. She'd look like somebody's governess when he took her out."

"Yeah, and because she smiles all the time he thinks she has a good disposition. If he knew her as we know her! He wouldn't have her. My daughter went to that Smith debut party with him, and she says she doesn't believe he has half the money they say he has. He just doesn't act like money. And as for his family in France being aristocrats, there are a lot of rascals, pretty well degenerated aristocrats over there. She needn't feel so set up about landing him."

"I don't think the real people will take her up even if he does marry her. To get across in the right of society you've got to have more than a husband who is suspected of being somebody."

"He looks to me as if he'd spent some years in riotous living that's what it looks like to me. A gay blade—you know, women and wine and all that sort of thing. He has such tired eyes."

"Yeah, and she thinks they are so romantic. Fancy that! Calls them dreamy. They tell me he lost a terrible amount in the market crash, and she can't help him. They probably will have to scrimp, and a lot of time society will spend upon them then. She will get awfully disillusioned."

The trio got the coffee down their hot throats like three wet hens, they left the tea room, without so much as one smile among them. Not even a flicker of a smile.

My but that man must be rich! I wonder how many daughters the three had?

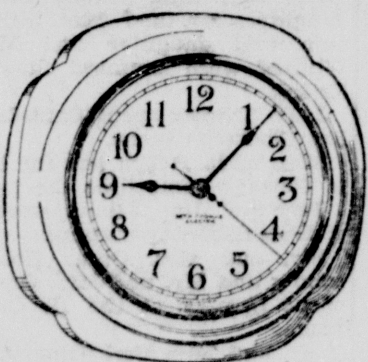

Just three well groomed character assassins, that's all. Heaven help their friends!

RAYMOND E. KANE ADDRESSING SCHOOLS

Officer in Charge of Navy Recruiting Spoke at Crosby Yesterday

Raymond E. Kane, machinist mate, U. S. N., in charge of the recruiting station at Brainerd, yesterday addressed high school students at Crosby.

Mr. Kane, gave a very interesting and educational talk on the navy. He outlined the life of a sailor, his daily program on board a modern battleship which offers him many opportunities in various trades and studies and interesting recreation.

Before men can enlist they must pass a physical and mental examination in which 80 percent fail physically and 50 percent of them because of their teeth while another 12 percent do not pass because of their past record.

Among the navy opportunities which are given to the sailors if he wishes to take advantage of them are steady employment, advancing pay, chance to receive good education, opportunity to learn trades, chance to receive bonus and leave, and at the end of 20 years a substantial pension.

Mr. Kane will speak at all the high schools in the near vicinity during the next two weeks Little Falls, Aitkin, Moile, Staples, Pequot, Pillager and Pine River.

41 PASSENGERS LOSE LIVES IN RAILROAD WRECK IN EGYPT

Cairo, Egypt, April 29.—(U.P.)—Men, women and children were burned to death tonight when the Alexandria express caught fire just before its arrival at Benha.

Forty-one passengers, including ten children, were estimated to have lost their lives and 36 others were in hospitals.

Benha, or Benha El-Asal, is an important railway junction, 29 miles north of Cairo.

All victims were in third class coaches. They included only one European, a Spanish woman.

The engineer of the train was unaware of the fire until a signal man halted him at Benha. A strong wind fanned the flames back along the speeding train.

All those taken to the hospital were in a serious condition.

The cause of the fire had not been determined.

It was believed, however, that the fire was started by a hot box.

Some passengers were reported to have been killed when they jumped from the flaming train.

FIGHT DISTURBS LOCAL HOSPITAL

Relatives Reported in Fistic Encounter in Front of St. Joseph's Hospital

Police were investigating today a fistic battle last evening in front of the St. Joseph's hospital which disturbed the serenity of the patients, nurses and Sisters.

Parties in the melee promised to swear out warrants on each other. Noone accepts the responsibility of the start of it.

Witnesses reported to the police that there was considerable swearing. The actual fighting is alleged to have occurred between Orle Behne and his brother-in-law, Otto Kretzman. Carl, brother of Orle, is reported to have stepped between the two.

**You can pay a little less,
or far more.. but Pontiac
is the happy medium in
car quality and cost★**

If you are like a lot of other motorists, what you really want is a car you can be proud of, at a reasonable cost. That describes the new Pontiac.

Driving this car, you will feel a smooth, even power which speaks volumes for its new 60-h. p. engine. One reason for that smoothness is the engine's large size, which means it never has to "labor."

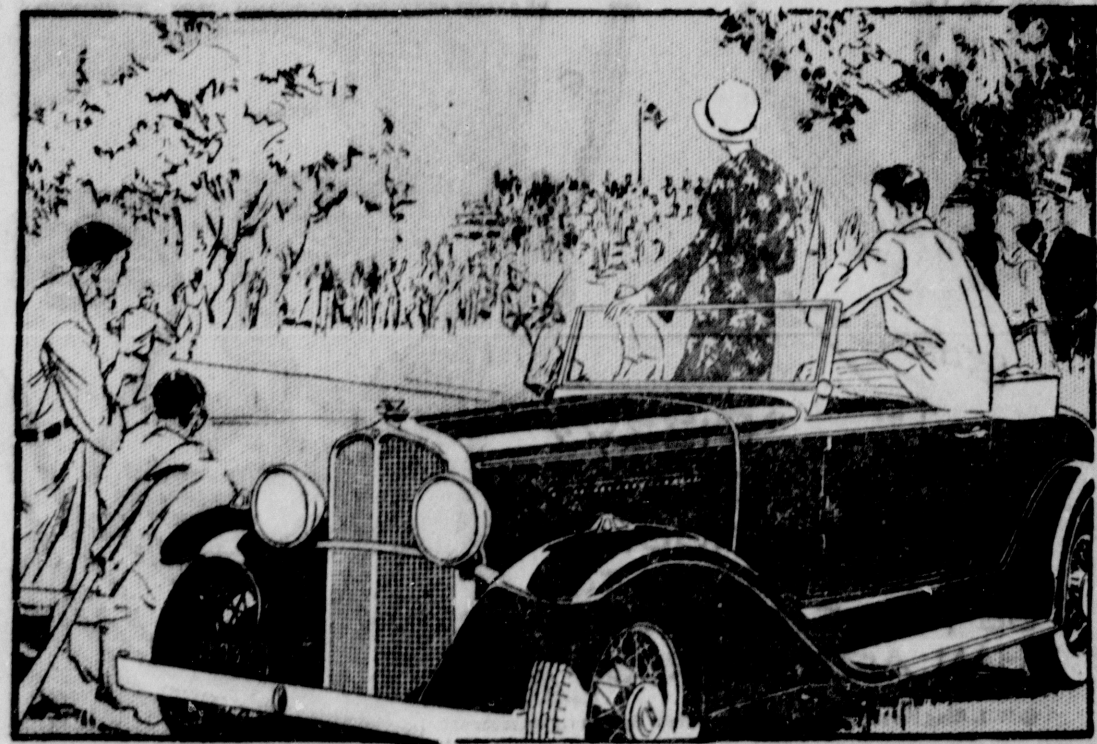

Seeking reasons for Pontiac's unusual riding ease, you will learn that the chassis is rubber-cushioned at 43 points.

On hot days or cold days or rainy days you will appreciate the com-

fort of the Pontiac insulated body. Stopping in traffic or riding down a steep hill, a light touch will prove that you can depend on Pontiac's brakes.

And if you care about other people's approval, you'll notice plenty of it as you drive your Pontiac! And you'll hear that approval as guests note the genuine mohair or whipcord upholstery, the rich appointments, the fine finish of every detail.

See the new Pontiac—drive it—and we know you will find it the kind of car you like at the price you want to pay.

IT'S TOUGH JOB TO WIN 3 PENNANTS IN ROW, SAYS HARRIS

DETROIT TIGERS MANAGER IN A REVIEW OF RACE

YOU CAN'T LAUGH OFF THE ATHLETICS, BUT THEY WILL FIND IT HARDER TO WIN

WASHINGTON, NEW YORK, PHILADELPHIA, CLEVELAND, DETROIT FIGHTING HARD
By GEORGE KIRKSEY
(United Press Staff Correspondent)

Chicago, April 29.—"It's a tough job to win three pennants in succession," said Stanley Harris, Detroit Tigers' manager, in sizing up the American League race today for the United Press. "I know from personal experience."

When he was manager of the Washington club, Harris piloted the Senators to pennants in 1924 and 1925, but could get no better than fourth place when he tried to win his third championship in a row.

"You can't laugh off the Athletics," said Harris, "but I believe they'll have a lot more trouble in trying for their third pennant than in 1929 when they won by 16 games and in 1930 when they topped the field by 8 games."

"I look for the closest race in several years, with Philadelphia, Washington, Cleveland, New York and Detroit fighting for the main positions."

Harris, the youngest manager in the majors in years and the second oldest in the American League in point of service, is enthusiastic about Detroit's chances.

If our youngsters continue to keep up their pace, and they give every chance of doing so," said Harris, "I think we have a first division ball club."

The three youngsters Harris praised as: Marvin Owen, 23-year-old shortstop, Harvey Walker, 24-year-old out-

WARDS, PENNEYS TAKE LEAD IN D-BALL LEAGUE

fielder, and Tom Bridges, 25-year-old pitcher.

Two other bright spots in the Tigers' play thus far have been the hitting of Dale Alexander, giant first baseman, and Jonathan Stone, rangy outfielder. Alexander was leading the American League in batting today and Stone was tied with Hornsby for the major league home run lead.

Although the Tigers have made their best getaway in several seasons, Harris confessed he was disappointed that they had not done better than win half their games.

"I thought we would get away better than we have," he said, "but we have been handicapped by constant travel and handicaps to several of our players."

BROOKLYN ROBINS IN BAD SLUMP

GOOD PITCHING AND FAIR HITTING NOT ENOUGH TO LIFT THEM OUT

New York, April 29.—(UP)—Good pitching and fair hitting, it appeared today, isn't a strong enough combination to bring the Brooklyn Robins out of their slump.

Brooklyn, rated as one of the outstanding contenders for the 1931 National League pennant, dropped its tenth game in thirteen starts yesterday to the New York Giants, 3 to 2. The Robins outbatted the Giants and received much better pitching.

Lefty Clark held New York to four hits while the Robins pounded Clarence Mitchell for 11. Brooklyn had the bases filled in the ninth with two out and Babe Hermann at bat but failed to come through.

ONLY 17 OF THE NEWCOMERS SHOW UP WELL

AND OF THIS NUMBER SEVERAL ARE IN DANGER OF LOSING BERTHS

AL VAN CAMP, OF BOSTON RED SOX, SETTING HITTING PACE OF 474

By DIXON STEWART
(United Press Staff Correspondent)
New York, April 29.—Rookies—the flowers that bloom in the spring of the baseball season—have started to fade.

With the first two weeks of the season completed, only 17 newcomers are continuing to appear regularly in major league box scores, and a number of these rookie regulars are in danger of losing their berths.

Al Van Camp, of the Boston Red Sox, a first baseman purchased from Des Moines, is setting the hitting pace for the first year men with a mark of 474. He has appeared in 7 games, first as a pinch hitter and recently as a regular.

Only three other rookies have duplicated Van Camp's feat of hitting safely in every game played. Mel Simons of the White Sox has not been stopped in 10 games, while Worthington of the Braves and Heath of the Reds have collected blows in 7 and 5 games respectively.

Joe Vasmik, Cleveland's sandlot outfielder started like the proverbial house afire and led both leagues in hitting for the first week, but has secured only one hit in 14 times at bat during his last three games.

He now is tied for second place

among the rookies with Fred Eichrodt of the Chicago White Sox at 409. Eichrodt, New Orleans graduate, has been alternating in right field for the Sox and has made 9 hits, including two doubles and a triple in five games.

Other outfielders who have clinched regular berths are Arlett of the Phillies, Simons of the White Sox and Worthington of the Braves. H. Walker of the Tigers and Nick Cullip of the Reds still are playing as regulars but must improve their batting marks of 250 and 241 respectively to hold their positions.

Crabtree, subbing for Eddie Roush as Cincinnati center fielder, has hit only 147 in 8 games and appears destined for a return to the minors.

Johnny Vegge, the New York Giants' \$40,000 third baseman, and Jim Levey, St. Louis Browns' shortstop, have surprised with their fine hitting but are not living up to expectations in the field.

Mickey Heath, Cincinnati first baseman, has done the best all-around work of the new infielders, hitting 350 and fielding 1,000 in 5 games. Pickering, Red Sox third baseman, is the only other infielder hitting above the 250 mark and he, Van Camp and Heath are the only rookie infielders with satisfactory fielding averages.

VIRGIL KIRKLAND ON TRIAL AGAIN

Valparaiso, Ind., April 29.—(UP)—Virgil Kirkland, 20, Gary athlete, went on trial today for the second time, charged with murdering Arlene Draves, his 18-year-old sweetheart, during a drinking party.

His life was not necessarily at stake, although the state qualified prospective jurors for the death penalty.

Prosecutor John Underwood began examining talesmen without carrying his previous announcement that the indictment would be reduced to two counts, but declared that if the reduction was made, the death penalty would not be mandatory, as generally believed.

The two counts on which Underwood indicated the state would elect to proceed with Kirkland's retrial accuse the young ice truck driver of causing Miss Draves' death by attack or attempted attack. Conviction of first degree murder under either of these counts would carry a mandatory death penalty.

Montgomery Ward and J. C. Penney are tied for the lead in the city league kitenball race today by virtue of Wards' 8-7 victory over the John M. Bye Clothing Co. last night in a free hitting slugfest.

The game, which promised to be a southpaw pitching duel, turned out to be anything but that. "Cannonball" Werner, giant southpaw and ace of the Ward hurling staff, was nicked for 10 safe hits while his mates were bounding out the offerings of "Big" Ericsson for 15 safe hits and eight runs.

A crowd of nearly 200 fans who watched the game, were far from satisfied with the officiating.

The batteries of last night's game were: Wards—Werner and DeRoche; Bye Clothing—Ericsson and G. Flanta. Penneys took the measure of the Thompson Oilers to the tune of 4-1 in the opening league game Monday evening. Foster held the Oilers well in check and last year's league champs were never in danger, although Frank turned in a nice game for Thompsons. Batteries for the opening game were Penneys—Foster and Rohdal; Thompson Oils—Frank and Swanson.

UNSUCCESSFUL IN FIRST ATTEMPT TO OUST MAYOR WALKER

New York, April 29.—(UP)—Unsuccessful in their first effort to oust Mayor James J. Walker from office, leaders of the municipal reform movement planned today to carry their fight to the legislative committee which is about to inquire into Walker's administration.

Announcement by officials of the city affairs committee and the committee of one thousand that it was "a fight to the finish" followed the decision of Governor Franklin D. Roosevelt to dismiss charges of misfeasance of office against Walker.

Rabbi Stephen S. Wise and Rev. Dr. John Haynes Holmes, leaders in the move to remove Walker from office, expressed regret at the governor's action and declared it was "only the first skirmish."

WHO-EEE

"PEA RIDGE" DAY. CHAMPION HOG-CALLER, WHO HAS BEEN TRYING FOR A PITCHING BERTH WITH BROOKLYN!

"DIZZY" DEAN--
ECCENTRIC ROOKIE WHO MAY PROVE TO BE MORE COLORFUL THAN ART SHIRES!

SHADES of "Rube" Waddell, "Ping" Bodie, "Art the Great" Shires and all the others whose genius for the national game was tinged with eccentricities! That talented and entertaining breed is not extinct. If you think so, just give heed to Jerome H. "Dizzy" Dean of the St. Louis Cardinals and Clyde V. "Pea Ridge" Day of Brooklyn's Robins. Both are pitchers; neither is a southpaw. "Dizzy's" only 20; his shell's comparatively green. "Pea Ridge" is 31 and no squirrels have caught him yet because, perhaps, his favored diversion is calling hogs, and porkers balk at unshelled nuts.

Day became noted as a pig's spellbinder back in Pea Ridge, Arkansas. He's been up in the big

show for short spells twice and, after a good 1930 season at Kansas City, he again was invited to the big top. In a pre-season appearance against the New York Yankees, "Pea Ridge," fresh with an eighth inning relief job, tried to baffle "Babe" Ruth and met a not uncommon fate. Echoes of the Ruthian homer could not still Day's hogoratory at all though. He whooped and whooped but, in the next inning, he walked a drove. Then his shouts came back from the crowded stands in the form of a Brooklyn rendition of Gotham's celebrated "Bronx cheer." But that was only the start.

As to the dizziest of the Deans, he has more confidence than a college boy at the beginning of a spree. He pitched well for the Cards in his lone National League

start last season and was vociferously peeved because eligibility rules barred him from the World Series.

Simmons? Cochrane? Fox? And the rest of the Champion Athletics? "Just a bunch of mugs—like those Pirates," according to the Dizzy One's analysis of major hitting material.

Why did those A's beat the Cards in the world series? Well, "Dean didn't pitch," explains Dean, who grants that his "Dizzy" nickname refers to the speed with which he throws a ball "like that old guy they call Dazzy with Brooklyn," he adds.

Day and Dean (if they make good this season), what a vaudeville team they might make next Winter!!

IT'S TOUGH JOB TO WIN 3 PENNANTS IN ROW, SAYS HARRIS

DETROIT TIGERS MANAGER IN A REVIEW OF RACE

YOU CAN'T LAUGH OFF THE ATHLETICS, BUT THEY WILL FIND IT HARDER TO WIN

WASHINGTON, NEW YORK, PHILADELPHIA, CLEVELAND, DETROIT FIGHTING HARD
BY GEORGE KIRKSEY
(United Press Staff Correspondent)

Chicago, April 29.—"It's a tough job to win three pennants in succession," said Stanley Harris, Detroit Tigers' manager, in sizing up the American League race today for the United Press. "I know from personal experience."

When he was manager of the Washington club, Harris piloted the Senators to pennants in 1924 and 1925, but could get no better than fourth place when he tried to win his third championship in a row.

"You can't laugh off the Athletics," said Harris, "but I believe they'll have a lot more trouble in trying for their third pennant than in 1929 when they won by 16 games and in 1930 when they topped the field by 8 games."

"I look for the closest race in several years, with Philadelphia, Washington, Cleveland, New York and Detroit fighting for the main positions."

Harris, the youngest manager in the majors in years and the second oldest in the American League in point of service, is enthusiastic about Detroit's chances.

If our youngsters continue to keep up their pace, and they give every appearance of doing so," said Harris, "I think we have a first division ball club."

The three youngsters Harris praised are: Marvin Owen, 23-year-old shortstop, p. Harvey Walker, 24-year-old out-

fielder, and Tom Bridges, 25-year-old pitcher.

Two other bright spots in the Tigers' play thus far have been the hitting of Dale Alexander, giant first baseman, and Jonathan Stone, rangy outfielder. Alexander was leading the American League in batting today and Stone was tied with Hornsby for the major league home run lead.

Although the Tigers have made their best getaway in several seasons, Harris confessed he was disappointed that they had not done better than win half their games.

"I thought we would get away better than we have," he said, "but we have been handicapped by constant travel and handicaps to several of our players."

BROOKLYN ROBINS IN BAD SLUMP

GOOD PITCHING AND FAIR HITTING NOT ENOUGH TO
LIFT THEM OUT

New York, April 29.—(UP)—Good pitching and fair hitting, it appeared today, isn't a strong enough combination to bring the Brooklyn Robins out of their slump.

Brooklyn, rated as one of the outstanding contenders for the 1931 National League pennant, dropped its tenth game in thirteen starts yesterday to the New York Giants, 3 to 2. The Robins out-hit the Giants and received much better pitching.

Lefty Clark held New York to four hits while the Robins pounded Clarence Mitchell for 11. Brooklyn had the bases filled in the ninth with two out and Babe Hornsby at bat but failed to come through.

ARE IN DANGER OF LOSING BERTHS

AL VAN CAMP, OF BOSTON RED SOX, SETTING HITTING PACE
OF 474

By DIXON STEWART
(United Press Staff Correspondent)
New York, April 29.—Rookies—the flowers that bloom in the spring of the baseball season—have started to fade.

With the first two weeks of the season completed, only 17 newcomers are continuing to appear regularly in major league box scores, and a number of these rookie regulars are in danger of losing their berths.

Al Van Camp of the Boston Red Sox, a first baseman purchased from Des Moines, is setting the hitting pace for the first year men with a mark of 474. He has appeared in 7 games, first as a pinch hitter and recently as a regular.

Only three other rookies have duplicated Van Camp's feat of hitting safely in every game played. Mel Simons of the White Sox has not been stopped in 10 games, while Worthington of the Braves and Heath of the Reds have collected blows in 7 and 5 games respectively.

Joe Vosmik, Cleveland's sandlot outfielder started like the proverbial house afire and led both leagues in hitting for the first week, but has secured only one hit in 14 times at bat during his last three games.

He now is tied for second place

among the rookies with Fred Eichrodt of the Chicago White Sox at 409. Eichrodt, New Orleans graduate, has been alternating in right field for the Sox and has made 9 hits, including two doubles and a triple in five games.

Other outfielders who have clinched regular berths are Arlett of the Phillies, Simons of the White Sox and Worthington of the Braves. H. Walker of the Tigers and Nick Culp of the Reds still are playing as regulars but must improve their batting marks of 250 and 241 respectively to hold their positions.

Crabtree, subbing for Eddie Roush as Cincinnati center fielder, has hit only 147 in 8 games and appears destined for a return to the minors.

Johnny Vezzev, the New York Giants' \$40,000 third baseman, and Jim Levey, St. Louis Browns' shortstop, have surprised with their fine hitting but are not living up to expectations in the field.

Mickey Heath, Cincinnati first baseman, has done the best all-around work of the new infielders, hitting 350 and fielding 1,000 in 5 games. Pickering, Red Sox third baseman, is the only other infielder hitting above the 250 mark and he, Van Camp and Heath are the only rookie infielders with satisfactory fielding averages.

VIRGIL KIRKLAND ON TRIAL AGAIN

Valparaiso, Ind., April 29.—(UP)—Virgil Kirkland, 20, Gary athlete, went on trial today for the second time, charged with murdering Arlene Draves, his 18-year-old sweetheart, during a drinking party.

His life was not necessarily at stake, although the state qualified prospective jurors for the death penalty.

Prosecutor John Underwood began examining talesmen without carrying his previous announcement that the indictment would be reduced to two counts, but declared that if the reduction was made, the death penalty would not be mandatory, as generally believed.

The two counts on which Underwood indicated the state would elect to proceed with Kirkland's retrial accuse the young leg truck driver of causing Miss Draves' death by attack or attempted attack. Conviction of first degree murder under either of these counts would carry a mandatory death penalty.

Bill Cissell With a Home Run in Seventh Gives White Sox Victory

Yesterday's hero—Bill Cissell, second baseman, whose home run with two out in the seventh inning gave the Chicago White Sox a 6 to 5 victory over Detroit.

Cissell got two doubles in addition to the homer. He drove in three runs and scored two himself.

Montgomery Ward and J. C. Penney are tied for the lead in the city league kitenball race today by virtue of Wards' 8-7 victory over the John M. Bye Clothing Co. last night in a free hitting slugfest.

The game, which promised to be a southpaw pitching duel, turned out to be anything but that. "Cannonball" Werner, giant southpaw and ace of the Ward hurling staff, was nipped for 10 safe hits while his mates were bounding out the offerings of "Big" Ericsson for 15 safe hits and eight runs.

A crowd of nearly 200 fans who watched the game, were far from satisfied with the officiating. The batteries of last night's game were: Wards—Werner and DeRoche; Bye Clothing—Ericsson and G. Flaata. Penneys took the measure of the Thompson Oilers to the tune of 4-1 in the opening league game Monday evening. Foster held the Oilers well in check and last year's league champs were never in danger, although Frank turned in a nice game for Thompsons. Batteries for the opening game were: Penneys—Foster and Rohdal; Thompson Oils—Frank and Swanson.

UNSUCCESSFUL IN FIRST ATTEMPT TO OUST MAYOR WALKER

New York, April 29.—(UP)—Unsuccessful in their first effort to oust Mayor James J. Walker from office, leaders of the municipal reform movement planned today to carry their fight to the legislative committee which is about to inquire into Walker's administration.

Announcement by officials of the city affairs committee and the committee of one thousand that it was "a fight to the finish" followed the decision of Governor Franklin D. Roosevelt to dismiss charges of misfeasance of office against Walker.

Rabbi Stephen S. Wise and Rev. Dr. John Haynes Holmes, leaders in the move to remove Walker from office, expressed regret at the governor's action and declared it was "only the first skirmish."

IRON POINT

The picnic at the Clough Lake school house last Friday was an enjoyable event to all who attended. Over 40 people did full justice to the dinner, which included ice cream. Games and races took up part of the time.

Miss Edna Johnson and Mrs. H. C. Johnson and children visited Saturday afternoon with Mrs. Oscar Seaberg and also took supper there.

Mr. and Mrs. Geo. Moulster were Saturday callers in Pine River. Mrs. Moulster stayed until Sunday afternoon with her daughter, Mrs. Rush.

Herb Just from Dawson is spending a few days at the C. J. Johnson home. Mr. and Mrs. H. W. Jokela and Mrs. Oscar Seaberg called at the Tollefstrud home Sunday afternoon.

Mr. and Mrs. Barney Bangston and Arthur drove to Lake Wilson, Minn., to attend the funeral of Mr. Bangston's oldest sister, Mrs. Albert Oberg. Bangston's returned to their home here Monday night.

Mr. and Mrs. C. J. Johnson and sons Arvid and Ernest visited Saturday at the E. M. Martin home in Brainerd. Herb Just and Edna Johnson took Sunday dinner with Mr. and Mrs. H. C. Johnson.

Eli Martin and two friends from Staples were in this vicinity last week. They called at Seaberg's, Fordyce's and Keyso's.

Those who attended the party on Elmer Shaeffer Saturday night report a very enjoyable time.

Mr. and Mrs. Hugh Burgett took care of the work for Bangston's while they were gone to Lake Wilson.

Sunday callers at the Geo. Moulster home were: Mr. and Mrs. Jack Kuro and son Reed, Jenkins; Mr. and Mrs. Nels Johnson and son Donald, Pine River; Mr. and Mrs. Ernie Johnson, Pine River; Mr. and Mrs. A. W. Moulster and daughter Marion, Brainerd; Mr. and Mrs. Fred Moulster, Pine River and Mrs. Frances Rush, Pine River.

Herb Just and Edna Johnson visited at the E. M. Martin home in Brainerd Monday afternoon.

Mr. and Mrs. H. C. Johnson and children took supper and spent the evening at the C. J. Johnson home Sunday.

Geo. Moulster was a Backus business caller Monday.

Mark Westfall is still plowing for Geo. Moulster.

Miss Edna Johnson took supper Thursday evening with her sister-in-law, Mrs. H. C. Johnson.

Sunday night supper guests at the Geo. Moulster home were Mr. and Mrs. A. W. Moulster and Marion, Mr. and Mrs. Fred Moulster and Mrs. Frances Rush.

Mr. and Mrs. Oscar Seaberg called at Tollefstrud's Monday afternoon.

The next meeting of the Ladies Four Corners Benevolence society will be at the home of Mrs. Nels Anderson, Wednesday, May 13. This is election of officers again and we hope every member comes ready and willing to do their "bit."

P. J. KILEY, EARLY DWELLER, STRICKEN

Succumbs at His Home, 314 South Second Street Today; Funeral Rites Thursday

FARMER AND BUSINESS MAN

Operated Blacksmith Shop Where New Court House Now Stands. Later Had Store at Bridge

P. J. Kiley, identified with the early life of Brainerd, passed away at 5:50 a. m. today at his home, 314 South Second street, his death being caused by cancer.

Mr. Kiley was born May 2, 1860 at Emerald, Prince Edward Island, Canada, and came to the United States to Chicago in 1881. He lived there three years, then came to Brainerd where he became a citizen of the United States in 1889.

Besides farming five miles north of Brainerd from 1886 to 1902 he opened a blacksmith and wagon shop where the new court house now stands. In 1910 he started a store near the bridge on Laurel street and operated it until 1925 when he retired to live on Second street.

Two step children are the only known relatives. A step son, C. H. Heath resides at 506 South 5th street while two step daughters live at 314 South Second street.

Funeral rites will be conducted at D. E. Whitney's mortuary, Front street, Thursday afternoon at 2 o'clock under auspices of Local 951 of the United Brotherhood of Carpenters and Joiners of America of which he was a member. Interment will be at Evergreen cemetery.

DANCING AND PIANO PUPILS IN FROLIC

Spring Classic, Sponsored by Whittier P. T. A. to be Presented at High School May 8

Over 50 local children will take part in the spring frolic to be sponsored by the Whittier P. T. A. at the high school auditorium May 8. The entertainment will consist of dancing, playing, singing and speech.

The dancing pupils are those of Anita Hartzburg of Mrs. Noble's school of dancing in Minneapolis. This part will consist of acrobatic, Hungarian, gypsy, tap and toe dancing, in both group and solo dances.

The piano pupils are those of Elizabeth Johnstone. Mrs. C. L. Burnett is assisting Miss Johnstone with the dramatic part and has composed many of the rhymes used by the children. Sailors, dandies, pirates, foreign dolls and flowers will all be represented through music and speech.

A brilliant array of costumes will be seen.

INDIAN COLLECTION IS GIVEN SOCIETY

C. M. Taylor, Evergreen Farm, Presents Historians With 40 Indian Relics

IS VALUABLE ARRAY

Were Gathered in Search of Shores of Big Winnepigoshish; Ox Shoes Also Given

A collection totalling 40 early Indian relics including arrow heads, spear points, flint knives and pottery has been presented the Crow Wing County Historical society by C. M. Taylor, 31 years a resident of Evergreen Farm between Emily and Outing.

The presentation was made today to the society through its president, Henry I. Cohen.

Mr. Taylor discovered the relics along with many others including hardened copper spears on the shores of Big Winnepigoshish Lake in browsing about there for historical data this spring. He has a total of 300 pieces of Indian work at the home.

The society was also the recipient from Mr. Taylor of a set of ox shoes which he picked up in the old ox meadows in northeast Cass county, 12 miles north of Outing. The meadows, 45 years ago, was a summer pasture for oxen used in lumber operations of many companies in the northwest.

Annual Change Week for Champion Plugs

Champion National Change Week for 1931 is set for May 4 to 11.

This is the week when motorists install new sets of spark plugs in their car motors to obtain the better performance which experience has taught them will result.

Change Week was established seven years ago after prolonged research and thousands of experiments had proved certain facts about the life of spark plugs.

One of the facts thus revealed was that when spark plugs have been used

in 10,000 miles of driving they have deteriorated to such an extent that new sets secure more power and speed, faster acceleration and all around better performance and economy for another 10,000 miles.

Badeaux Vehicle Recovered

The car owned by Mrs. G. I. Badeaux and stolen from in front of the First Congregational church recently has been recovered at Detroit Lakes, the sheriff's office here was informed today.

The car was left on a street in the western state town. No arrests have been made.

For this program, the Crinoline girls have chosen the old-fashioned popular songs, such as "In The Good Old Summer Time," etc. They will wear old fashioned costumes, some of which are over 50 years old. Some have beautiful hand made lace on the petticoats. Several of the ladies will wear real old fashioned jewelry, including breast pins, bracelets, etc., and a couple will wear hats which have been kept since the "old" days, also little silk handbags and mitts.

The second number on the program "A Manager in Trouble" is a humorous number and promises to be one of the hits of the evening.

The one act skit "Professor's Magic" is being given by a number of high school teachers and students, and others.

P. J. KILEY, EARLY DWELLER, STRICKEN

Succumbs at His Home, 314 South Second Street Today; Funeral Rites Thursday

FARMER AND BUSINESS MAN

Operated Blacksmith Shop Where New Court House Now Stands, Later Had Store at Bridge

P. J. Kiley, identified with the early life of Brainerd, passed away at 5:50 a. m. today at his home, 314 South Second street, his death being caused by cancer.

Mr. Kiley was born May 2, 1860 at Emerald, Prince Edward Island, Canada, and came to the United States to Chicago in 1881. He lived there three years, then came to Brainerd where he became a citizen of the United States in 1889.

Besides farming five miles north of Brainerd from 1886 to 1902 he opened a blacksmith and wagon shop where the new court house now stands. In 1910 he started a store near the bridge on Laurel street and operated it until 1925 when he retired to live on Second street.

Two step children are the only known relatives. A step son, C. H. Heath resides at 506 South 5th street while two step daughters live at 316 South Second street.

Funeral rites will be conducted at D. E. Whitney's mortuary, Front street, Thursday afternoon at 2 o'clock under auspices of Local 951 of the United Brotherhood of Carpenters and Joiners of America of which he was a member. Interment will be at Evergreen cemetery.

DANCING AND PIANO PUPILS IN FROLIC

Spring Classic, Sponsored by Whittier P. T. A. to be Presented at High School May 8

Over 50 local children will take part in the spring frolic to be sponsored by the Whittier P. T. A. at the high school auditorium May 8. The entertainment will consist of dancing, playing, singing and speech.

The dancing pupils are those of Anita Hartzburg of Mrs. Noble's school of dancing in Minneapolis. This part will consist of acrobatic, Hungarian, gypsy, tap and toe dancing, in both group and solo dances.

The piano pupils are those of Elizabeth Johnstone. Mrs. C. L. Burnett is assisting Miss Johnstone with the dramatic part and has composed many of the rhymes used by the children. Sailors, dorkies, pirates, foreign dolls and flowers will all be represented through music and speech.

A brilliant array of costumes will be seen.

Brainerd People at Missionary Conclave

Among those who left this morning for Little Falls to attend the Brainerd district meeting of the Women's Missionary society of the Swedish Lutheran churches in session there, were Mrs. Hilking Swanson, Mrs. John Holvick and Miss Mabel Fall, delegates from the First Evangelical Lutheran church of the city.

Others attending included Rev. and Mrs. August Samuelson, Mrs. John Carlson, Mrs. John Olson, Mrs. C. F. Anderson, Mrs. O. E. Johnson, Mrs. John Johnson, Mrs. Kate Nelson and Miss Agnes Sundine.

Sessions were held all day, and conclude with the meeting this evening.

INDIAN COLLECTION IS GIVEN SOCIETY

C. M. Taylor, Evergreen Farm, Presents Historians With 40 Indian Relics

IS VALUABLE ARRAY

Were Gathered in Search of Shores of Big Winnepigoshish; Ox Shoes Also Given

A collection totalling 40 early Indian relics including arrow heads, spear points, flint knives and pottery has been presented the Crow Wing County Historical society by C. M. Taylor, 31 years a resident of Evergreen Farm between Emily and Outing.

The presentation was made today to the society through its president, Henry I. Cohen.

Mr. Taylor discovered the relics along with many others including hardened copper spears on the shores of Big Winnepigoshish Lake in browsing about there for historical data this spring. He has a total of 300 pieces of Indian work at the home.

The society was also the recipient from Mr. Taylor of a set of ox shoes which he picked up in the old ox meadows in northeast Cass county, 12 miles north of Outing. The meadows, 45 years ago, was a summer pasture for oxen used in lumber operations of many companies in the northwest.

East Oak Lawn P. T. A.

The East Oak Lawn P. T. A. held their last meeting this term on Friday, April 24, and the following officers were elected for the coming term:

President—Mrs. Fred Lasher.
Vice President—David Sandberg.
Secretary—Miss Maude Davis.
Treasurer—Oscar Johnson.

After the business meeting a program was given, and lunch was served.

ON ORGANIZING TRIP

George B. Falconer, State President P. O. Clerks, Visits Six Cities

George B. Falconer returned last evening from an organizing trip for the National Federation of Post Office Clerks, of which he is state president.

In company with W. J. Quady of Minneapolis, state representative, and his brother R. C. Falconer, he left Sunday noon for Crookston, and from there went to East Grand Forks and Grand Forks, then to Fargo and Moorhead, Breckenridge and Fergus Falls, arriving here last evening.

Bay Lake 4-H Club

The Bay Lake boys and girls 4-H club met Saturday afternoon, April 25 at 3 o'clock at the South Bay Lake school house. Six members were present. Mrs. R. C. Jones and Miss Peddycoart were also present. The following officers were elected:

President—Allen Waffensmith.
Vice President—William Nelson.
Secretary—Frances Kenney.
Treasurer—Helen Nelson.
Club Reporter—Marion Kenney.

The next meeting will be held May 9 at 7 p. m. at North Bay Lake school house.

A short program was given. There will be a record of a meeting of this club every other week.

Annual Change Week for Champion Plugs

Champion National Change Week for 1931 is set for May 4 to 11.

This is the week when motorists install new sets of spark plugs in their car motors to obtain the better performance which experience has taught them will result.

Change Week was established seven years ago after prolonged research and thousands of experiments had proved certain facts about the life of spark plugs.

One of the facts thus revealed was that when spark plugs have been used

in 10,000 miles of driving they have deteriorated to such an extent that new sets secure more power and speed, faster acceleration and all around better performance and economy for another 10,000 miles.

Badeaux Vehicle Recovered

The car owned by Mrs. G. I. Badeaux and stolen from in front of the First Congregational church recently has been recovered at Detroit Lakes, the sheriff's office here was informed today.

The car was left on a street in the western state town. No arrests have been made.

"MURDER AT EAGLE'S NEST"

By WINIFRED VAN DUZER

Following a party at Eagle's Nest, the home of wealthy Emily Hardy, the Baroness von Wiese is found murdered. Bim Martin, young newspaper reporter, nicknamed "Bim," a guest at the party, assists her fiancé, Walter Vance, assistant chief of police, in unraveling the mystery. Bim identifies the shawl wrapped around the Baroness as Mary Frost's. Mary's husband, Ted, had been attentive to the Baroness. She had noticed Emily's butler and the Baroness, at the party, in secret conversation and recalled the maid's scream when she, too, found them together. A strip of uniform linen is found in the shrubbery. The police learn that the Baroness' maid was not in her room that night. The butler denies receiving a note from the Baroness. Bim discovers cuts on the maid's head and arm. She refrains from telling the police. The doors to the Baroness' room are found locked from the inside and her jewels stolen. The jewel case is found outside the window. Bim believes they would have the guilty party if they could find the person whom the Baroness met in the summer house. The Frosts are called.

CHAPTER X.
BIM was in a moment that Ted's growth had endured over the night. He was meticulously suave; yet his eyes gleamed whenever they rested upon his wife in a way which caused Bim to recall tales that were told of their confused, unhappy existence together. The incredible fact was that in spite of the easy code which governed his own conduct—which permitted him to philander here and there at will—Ted was wildly jealous of Mary Frost.

Often he would, as Bim knew from having watched them wonderingly—Mary with pity and Ted with bitter impatience—fly into a rage if Mary so much as exchanged simple amenities with another man. The very while he expected her to ignore or at least to treat with tolerance his own flagrant affairs. Yet Mary, as everybody in King-cliff knew, was above suspicion. Mary looked pale and worn; her fine, gentle eyes were heavy as if from lack of sleep and even her gray-sprinkled dark hair seemed dull and lifeless.

Nevertheless she greeted them, all in her kind voice with pleasure and went to sit beside Bim, turning upon the girl a tired little smile.

"We're always glad to be invited to Eagle's Nest," she remarked. "Though we're hoping that nothing has happened."

The Law's Way

Walter again seated himself at the small table upon which he spread the note-book, moving rather deliberately. Bim thought, before Ted's cynical gaze. Reynolds had contrived it so that Ted faced the light, himself sitting with his back to the window.

"Something has happened," Walter stated at length. "The Baroness von Wiese was shot and killed last night."

Mary's cry was hardly more than a gasp, yet it cut through the room and set Bim's nerves on edge. Bim saw weariness go out of the worn face and a shocked intenseness

take its place. Mary murmured, "I'm sorry, h. I'm so very sorry!" Ted said nothing though he half rose and then backed with his mouth hanging open, eyes staring. He started to go for a cigarette but let his hand fall stupidly.

"Probably a plain case of robbery," the Sheriff put in, as it seemed to Bim, irrelevantly. "Her jewelry is gone. Sorry to bother you folks but we'll question everybody as a matter of form." "She was so beautiful," Mary said softly, tears in her eyes. "So—so alive. . . . There was something about a robbery early in the evening, wasn't there? It's—it's rather terrible."

Unwanted Sympathy
Bim, moving nearer the older woman, took her hand and found that she was trembling all over. "Don't mind so," she whispered. "Of course it's terrible but we'll have to see if we can't do it in no time; you see if we don't."

Lead of helping Mary, this soothing attempt of Bim's seemed to set her trembling more uncontrollably. She gave the girl a startled, stricken look and, to Bim's surprise, withdrew her hand.

But Bim had no opportunity to nurse a sense of rebuff for Walter was beginning to question Ted and she was too eager to hear what he had to say to think of anything else.

"What time did you leave here last night, Mr. Frost?" Ted did not reply at once. He had regained his composure and now looked a cigarette, taking his time about it, before turning a cold little smile upon his interrogator.

"Am I to understand," he enquired, "that this is official?" "We're attempting to fix a murder," Walter retorted.

"I see," Ted's smile was almost a sneer. "No doubt you've overlooked the fact that I— we are free citizens, Vance. My movements are my own business and not something to be pawed over and poked at by police inefficiency. In other words, I propose to stand on my constitutional rights until such time as you show proper cause for prying into my affairs."

"Ted!" There was shock and pain in Mary's voice. She made an outraged gesture in the direction of her husband.

"Of course we'll answer any questions we're asked," she went on more calmly, turning to Walter. "We left early last night; before the other guests. I think it was some time around half past ten, wasn't it Emily?"

Em nodded, glad that Ted's outburst was squelched. "I saw you off among the first, dear. Remember how Ted nearly slid all the way downstairs?"

Mary flushed and hesitated and Bim wondered how much Ted had drunk after the dinner.

"Ted went out and started the car," Mary continued. Then, in an explanatory tone to Walter and the Sheriff, "We live at the end of Lowland Drive, the last house at the southern end. It's quite a walk, being uphill all the way. I don't like to climb much," she smiled a little. "Climbing's all right for young-uns, like Bim . . ."

EAST ROUND LAKE
Saturday Mr. and Mrs. Hiram Scott and children of Brainerd called at the home of his father, the Willows.

Mrs. Cutka, Edna and Eddie Cutka visited at the home of Mrs. Cutka's daughter in the southern part of the state.

Sunday dinner guests at the J. N. Harrison home, Pleasant Hill, were Mr. and Mrs. Ed Thayer of Brainerd.

Mr. and Mrs. Albert Miller of Bay Lake were among the Sunday dinner guests at the Bert Scott home on Borden Lake. Mr. Scott and his boys are putting up a very artistic fence along the highway.

Sunday guests at the Knowlen House were Mr. and Mrs. Eugene Trask and son Bennie of Minneapolis.

Dinner guests at the F. Benjamin home, Wayside Farm, were Mr. and Mrs. Roy Sullivan living near Onamia. Mr. and Mrs. Lem Gillham of Garrison were dinner guests on Monday.

Besides there's no street light on the mountain and the trees grow right against the road on each side so it's dark as the inside of a pocket. That's why we always drive even though the actual distance is short."

"Who else lives out that way?" Walter asked.

"Mr. Baird's bungalow is the next house this side," Mary said. Ted a quick look and his eyes gleamed. "He's quite a distance back from the road though," she added. "In a thick pine woods. There's a private drive leading from Lowland Drive to his place."

"The Trents live between Baird's bungalow and Eagle's Nest, then?"

"Yes, they have the cottage just outside the grounds of Eagle's Nest where the road curves around the side of the mountain."

"I see. You and Mr. Frost went directly home from here?" Ted made a rasping, protesting noise but Mary answered quickly. "Yes, we went home and Ted put the car in the garage while I made sandwiches. Sarah, my maid—I keep only one—had gone to bed and Ted likes a little lunch before retiring."

Bim pictured Mary and Ted, sitting under the light late at night over the little lunches Ted liked before taking himself off to sleep. The two of them—Ted, the debonaire, the selfish; and Mary, the patient, the long suffering; Mary, eager for his comfort, watching out for him, pampering him with little services, always trying to win back the love he must have felt for her in some olden, golden day.

Broken Engagement
She remembered the surprise of everyone when he married Mary. He had been engaged to Marjorie Allan, Laura's older sister; they were seen everywhere together and the day for their marriage had been set. Then something had happened. Laura had come home from school and almost immediately the two Allan girls had gone abroad and old Judge Allan had announced that the wedding was off.

Marjorie Allan had married in London and Laura had remained with her sister over a period of five years, returning only a year ago and associating herself with the Pine Hill crowd in spite of her father's violent protests.

Mary Bremner, everybody said, had caught Ted on the rebound, for a few months after Marjorie Allan had left King-cliff they were married. Mary had been madly in love with Ted and he, it seemed, with her though his unfaithfulness had begun practically at once.

"There was nothing unusual about your leaving last night, Mrs. Frost?" Walter went on. "No unusual incident connected with your leaving?"

"Why—why, no. We left just as we always do. There was no incident at all that I remember."

"Mary, dear," Bim dropped into the sudden silence. "What did you do to your Spanish shawl?"

"MURDER AT EAGLE'S NEST"

By WINIFRED VAN DUZER

Following a party at Eagle's Nest, the Baroness von Wiese is found murdered. Bhima Martin, young newspaper reporter, nicknamed "Bim," a guest at the party, assists her fiancé, Walter Vance, assistant chief of police, in unraveling the mystery. Bim identifies the shawl wrapped around the Baroness as Mary Frost's. Mary's husband, Ted, had been attentive to the Baroness. Bim had noticed the Baroness's shawl and the Baroness, at the party, in secret conversation and recalled the maid's scream when she, too, found them together. A strip of uniform linen is found in the shrubbery. The police learn that the Baroness's maid was not in her room that night. The butler denies receiving a note from the Baroness. Bim discovers cuts on the maid's head and arm. She refrains from telling the police. The doors to the Baroness's room are found locked from the inside and her jewels stolen. The jewel case is found outside the window. Bim believes they would have the guilty party if they could find the person whom the Baroness met in the Summer house. The Frosts are called.

CHAPTER X.

BIM saw in a moment that Ted's frown had endured over the night. He was meticulously suave; yet his eyes gleamed whenever they rested upon his wife in a way which caused Bim to recall tales that were told of their confused, unhappy existence together. The incredible fact was that in spite of the easy code which governed his own conduct—which permitted him to philander here and there at will—Ted was wildly jealous of Mary Frost.

Often he would, as Bim knew from having watched them wonderingly—Mary with pity and Ted with bitter impatience—fly into a rage if Mary so much as exchanged simple amenities with another man. The very while he exhorted her to ignore or at least to treat with tolerance his own flagrant affairs. Yet Mary, as everybody in Kingcliffe knew, was above suspicion. Mary looked pale and worn; her fine, gentle eyes were heavy as if from lack of sleep and even her gray-sprinkled dark hair seemed dull and lifeless.

Nevertheless she greeted them, all in her kind voice with pleasure and went to sit beside Bim, turning upon the girl a tired little smile.

"We're always glad to be invited to Eagle's Nest," she remarked. "Though we're hoping that nothing has happened."

The Law's Way

Walter again seated himself at the small table upon which he spread the note-book, moving rather deliberately. Bim thought, before Ted's cynical gaze. Reynolds had contrived it so that Ted faced the light, himself sitting with his back to the window.

"Something has happened," Walter stated at length. "The Baroness von Wiese was shot and killed last night."

Mary's cry was hardly more than a gasp, yet it cut through the room and set Bim's nerves on edge. Bim saw weariness out of the worn face and a shocked intenseness

take its place. Mary murmured, "I'm sorry. Oh, I'm so very sorry!" Ted said nothing though he half rose and then came back with his mouth hanging open, eyes staring. He started to go for a cigarette but let his hand fall stupidly. "Probably a plain case of robbery," the Sheriff put in, as it seemed to Bim, irrelevantly. "Her jewelry is gone. Sorry to bother you folks but we'll question everybody as a matter of form."

"She was so beautiful," Mary said softly, tears in her eyes. "So—so alive. . . . There was something about a robbery early in the evening, wasn't there? It's—it's rather terrible."

Unwanted Sympathy

Bim, moving nearer the older woman, took her hand and found that she was trembling all over. "Don't mind so," she whispered. "Of course it's terrible but we'll have the one that did it in no time; you see if we don't."

Instead of helping Mary, this soothing attempt of Bim's seemed to set her trembling more uncontrollably. She gave the girl a startled, stricken look and, to Bim's surprise, withdrew her hand.

But Bim had no opportunity to nurse a sense of rebuff for Walter was beginning to question Ted and she was too eager to hear what he had to say to think of anything else.

"What time did you leave here last night, Mr. Frost?"

Ted did not reply at once. He had regained his composure and now lighted a cigarette, taking his little smile upon his interrogator.

"Am I to understand," he enquired, "that this is official?"

"We're attempting to fix a murder," Walter retorted.

"I see," Ted's smile was almost a sneer. "No doubt you've overlooked the fact that I—we are free citizens, Vance. My movements are my own business and not something to be pawed over and paid to cover up police inefficiency. In other words I propose to stand on my constitutional rights until such time as you show proper cause for prying into my affairs."

"Ted!" There was shock and pain in Mary's voice. She made an outraged gesture in the direction of her husband.

"Of course we'll answer any questions we're asked," she went on more calmly, turning to Walter. "We left early last night; before the other guests. I think it was some time around half past ten, wasn't it Emily?"

Em nodded, glad that Ted's outburst was squelched. "I saw you off among the first, dear. Remember how Ted nearly slid all the way downstairs?"

Mary flushed and hesitated. Bim wondered how much Ted had drunk after the dinner.

Ted went out and started the car. Mary explained, then, in an explanatory tone to Walter and the Sheriff. "We live at the end of Lowland Drive, the last house at the southern end. It's quite a walk, being uphill all the way. I don't like to climb much," she smiled a little. "Climbing's all right for young-uns, like Bim . . ."

"Of course we'll answer any questions we're asked," she went on more calmly, turning to Walter. "We left early last night; before the other guests. I think it was some time around half past ten, wasn't it Emily?"

Besides there's no street light on the mountain and the trees grow right against the road on each side so it's dark as the inside of a pocket. That's why we always drive even though the actual distance is short."

"Who else lives out that way?" Walter asked.

"Mr. Baird's bungalow is the next house this side," Mary sent Ted a quick look and his eyes gleamed. "He's quite a distance back from the road though," she added. "In a thick pine woods. There's a private drive leading from Lowland Drive to his place."

"The Trents live between Baird's bungalow and Eagle's Nest, then?"

"Yes, they have the cottage just outside the grounds of Eagle's Nest where the road curves around the side of the mountain."

"I see. You and Mr. Frost went directly home from here?"

Ted made a rasping, protesting noise but Mary answered quickly. "Yes, Yes, we went home and Ted put the car in the garage while I got ginger ale from the ice box and made sandwiches. Sarah, my maid—I keep only one—had gone to bed and Ted likes a little lunch before retiring."

Bim pictured Mary and Ted, sitting under the light late at night over the little lunches. Ted liked before taking himself off to sleep. The two of them—Ted, the debonaire, the selfish; and Mary, the patient, the long suffering; Mary, eager for his comfort, watching over him, pampering him with little services, always trying to win back the love he must have felt for her in some olden, golden day.
